

Reds May Throw 19 Divisions Against UN Line

Army Issues Draft Call for 80,000 More Men in March

50,000 Have Received Call in Six Months

Twenty-Four New Divisions Now Goal

Washington, Dec. 28—(AP)—The army today issued a draft call for 80,000 men in March. This will bring the total of army requests for draftees to 450,000 since the outbreak of the Korean war six months ago. The 80,000 asked for March is the same quota requested in January and February. The Defense Department announcement said the navy, air force and marines "do not plan to make calls upon the selective service system in March." Only the army has used the call up to now. The original quotas for January and February were boosted on March 12 to provide 80,000 draftees each of the two months. The call for January was only 50,000 and the original call for February was 50,000. The draft calls are part of a plan to give the army a combat force equal to 24 divisions when it reaches its current expansion goal next July 1.

Admits Killing Eightfold Girl in Hotel Room

New York, Dec. 28—(AP)—An estate New York apple-pickers killed today after a night of stonion, police said, that he killed former Ziegfeld Folies girl Evelyn (Yvonne) Hughes, office quoted Birger Nordkvist, as saying he "blew his top" in the woman resisted his advances in his Manhattan hotel room. I remember taking my handkerchief and putting it around her neck and pulling it tight," he was told as saying. "I remember seeing a scar in her mouth," he body of the brunette actress was found Tuesday morning in a hotel room.

Amputee Man Nabbed Following Jail Break

Redwood City, Calif., Dec. 28—(AP)—All five prisoners who broke out of the San Mateo county jail Tuesday night are back in their cells. Three were captured a few hours after the break and the remaining two last night. Richard McWorter, San Mateo, Calif., and Paul Campbell, Tambo, Ill., were found huddled in a room under a bridge only two blocks from where their fellow inmates were located Tuesday night. Tired, hungry and muddy, they offered no resistance.

Grand Detour Woman ays Temperature on Wednesday Was -30

In Wednesday's Evening Telegraph, our "weather story" told of reported temperature reading 30 below zero in Grand Detour. This morning The Telegraph received a phone call from a man who confirmed this fact. He said that she and her neighbors had seen the 30 below reading—but she declined to give her name.

Wealthy Sisters Wed Sons Of Banker, Shoe Cobbler

Houston, Tex., Dec. 28—(AP)—The eldest daughter of the fabulously wealthy Glenna McCarthys honeymooned today with the son of a banker. Another daughter stood proudly as the wife of a cobbler's son. Mary Margaret, 19, oldest daughter of the wealthy oilman, married last night to Harry Charles, Jr., of Houston in a lavishly manner. The runaway marriage of Glenna McCarthy, 17, to George Pontikes was confirmed by Pontikes only a few hours before a big church wedding. Pontikes, 19-year-old Rice Institute football player and son of a shoe repair shop owner, married his bride served her as matron of honor. Glenna Lee and Pontikes were

U.S. Bans Hoarding of 55 Scarce War Materials

MILLIONAIRE'S DAUGHTER ELOPES—Glenna McCarthy, 17, daughter of Houston oil millionaire and owner of Shamrock hotel, eloped Dec. 2 with George Pontikes, football player at Rice Institute, and son of a Houston shoe repairman. Couple was wed in Waco, Tex., by justice of the peace after Baylor-Rice football game.

Dean Bowen's Scalp at Stake As University Trustees Meet

Urbana, Ill., Dec. 28—University of Illinois trustees today took up as their first item of business the protracted College of Commerce faculty dispute. Discussions of the matter were held behind closed doors on a 6-3 vote of the trustees, despite arguments for an open session by two of their number. Vernon L. Nickell, State Superintendent of Public Instruction, and an ex-officio trustee, and Park Livingston of Chicago argued for an open discussion. Amen, Mr. Livingston! "I don't know why we have to go underground to discuss this matter," Livingston said. "I don't have anything to hide. The thing the University of Illinois needs most is public confidence, and closed sessions of the board are not the way to gain public confidence. This is not the time to tiptoe behind an iron curtain or to sugarcoat facts with interpretation and censorship."

However, trustee Zack Hickman of Danville said the matter was of "such delicacy" he preferred to discuss it in a closed meeting. The majority sided with him. They plan to call in the press afterward. (Continued on Page 6)

Carl Shelton to Jail Six Months On Girl's Charge

Indianapolis, Dec. 28—(AP)—Carl (Little Carl) Shelton, 26, Fairfield, Ill., was sentenced to prison yesterday for sodomy and assault and battery. Shelton, a member of the southern Illinois family which was notorious in the prohibition era, pleaded guilty to the charges. He was sentenced in criminal court to six months at the state penal farm and fined \$500. A kidnapping charge was dismissed. He was accused of molesting a 13-year-old Indianapolis school girl last June 20 and forcing her to commit an unnatural sex act. He had picked the girl up as she waited for a bus to go to mass and drove to the outskirts of the city. Shelton spent five months in jail before obtaining his release on bond, which was reduced from \$23,500 to \$21,000.

Price of Milk to Farmers Gets U. S. Attention Jan. 3rd

Washington, Dec. 28—(AP)—A public hearing on milk prices to dairy farmers for the April-June period will be held Jan. 3 in Rock Island. The U. S. Department of Agriculture said the hearing is at the request of dairy farmers supplying the market in Clinton, Ia., and the Quad-Cities area of Illinois and Iowa. Milk dealers and consumers will be invited to testify. The department said that milk prices in the areas are scheduled to drop 25 cents a hundred pounds under federal regulations for the April-June period and that the dairy farmers want the order set aside. There were six groomsmen.

\$10,000 Fines For Violations Of NPA Order

Lumber, Iron Pipe, Chemicals Included

Washington, Dec. 28—(AP)—The National Production Authority today banned hoarding of 55 scarce materials essential to defense and civilian production. The order makes it illegal for businessmen, consumers or householders to accumulate these products in excess of the "reasonable demands." It also specifically prohibits acquiring the products for resale at prices in excess of prevailing market prices—a provision aimed at "black marketing."

Provides Heavy Fines

Any violation of the order is punishable by up to \$10,000 fine and a year's imprisonment. The anti-hoarding decree extends and re-enforces an earlier NPA inventory control order which applied only to business and industry and covered only 26 materials. The new order, effective at once, NPA accomplishes these ends: 1. It sets up a ban against household hoarding and starts a list to which NPA later could add such items as automobile tires, cars and other consumer goods—though none of these is named in the present order. 2. It plugs a loophole in the (Continued on Page 6)

Plan 20 Per Cent Cut at Studebaker

South Bend, Ind., Dec. 28—(AP)—Studebaker corporation will cut back production of passenger cars and trucks 20 per cent in January after completing its biggest year.

President Harold S. Vance attributed the cut to government restrictions in civilian use of defense materials. The passenger car plant will go on four-day schedule. The truck plant will continue to operate five days a week, but manpower will be reduced 20 per cent.

Most of those made idle in the truck plant will be put to work on a military truck contract, which was signed before the Korean war started.

Studebaker is about to complete its biggest year with an output of 334,000 vehicles. Its 1949 total was 304,871.

GOP Plans Strategy For 1952 Campaign

Washington, Dec. 28—(AP)—The Republican national committee will meet here Jan. 25 to plan strategy by which it hopes to win election of a GOP president and congress in 1952. It will be the first meeting of the full committee since the Nov. 7 election in which the GOP scored net gains of five senate, 27 house, and six governor seats.

Driving New Year's Eve? 330 Will Lose Their Lives

Chicago, Dec. 27—(AP)—The three-day New Year's holiday week-end will take 330 lives in traffic crashes, the National Safety Council estimated today. The forecast, covering immediate deaths occurring between 6 p. m. Friday and midnight Monday, came on the heels of one of the bloodiest Christmas holidays in history when 545 motorists or pedestrians lost their lives. Ned H. Dearborn, council president, said he hopes the tragic Christmas will shock the public into safer driving this week-end. He offered some suggestions to those who want to be alive in 1951: 1. Leave the car in the garage and use public transportation, especially if you intend to drink. 2. Go on the theory that the other fellow, driver or walker, may be woozy and allow him plenty of room. 3. Refuse to ride with a drinking driver. 4. Double your caution in bad weather and hold down your speed.

Lester L. Wilhelm Retires from Bank Post On Job Here 43 Years; To Be Feted at Testimonial

After 43 years of meeting the public through the Dixon National bank, Cashier Lester L. Wilhelm will retire Jan. 1 and "throw the clock away." Bank officers and employees will give Wilhelm a testimonial dinner Thursday, Jan. 4, at 6:30 p. m. in the dining room of the Hotel Nachusa.

Wilhelm is the only current member of Dixon National who was there when the institution moved into its present building in 1914. He was appointed cashier in 1929 and has worked through more than half the bank's 80-year history.

He said he will spend his time working around his home at 404 E. First street.

President Henry O. Lovett announced that Leo B. Miller has been named cashier effective Jan. 1, 1951. He also revealed that George O. Knouse would be assistant vice-president and assistant trust officer.

Here's the complete list of officers:

W. H. McMaster, chairman of the board; Lovett, president; H. G. Byers, vice-president; Knouse, assistant vice-president and assistant trust officer; Miller, cashier; Harold L. Simpkins, assistant cashier, and James P. Green, assistant cashier.

There has been no change in the board of directors, composed of R. L. Bracken, Byers, Lovett, McMaster, F. X. Newcomer, Dement Schuller and W. E. Trein.

Wallace Beery's \$2,220,150 Will Distribution OK'd

Los Angeles, Dec. 28—(AP)—Executors of actor Wallace Beery's \$2,220,150 estate have authorization today to distribute all but \$500,000 of it.

Superior court approved yesterday a \$400,000 settlement of a \$1,524,500 claim by Beery's former wife, Mrs. Mary Gillman Beery Foyt, 52. She had claimed that Beery concealed community property when they made a divorce property settlement in 1939.

Beery, 61, who died April 15, 1949, left the bulk of his estate to his adopted daughter, Carol Ann, 20; his nephew, Noah Beery Jr., and a brother, William C. Beery, who died Christmas day, 1949, and children, William B. Beery and Mrs. Charlotte Beery Sullivan, inherit his share.

The \$500,000 retained in executors' control is for federal estate taxes.

Lester Wilhelm (left), cashier at the Dixon National bank, is congratulated by Henry O. Lovett, president (right), on his 43 years employment with the financial institution.

Goodfellows' Efforts Made Families Happy

The Goodfellows' Christmas campaign to bring cheer to unfortunate Dixon families has been completed very successfully indeed under the sponsorship of the Wa Tan Ye club and that splendid organization proposes to continue giving welfare service to this city all through the year.

A total of \$1,540.25 was donated in cash by the Goodfellows of this area, and this provided great quantities of new clothing, fruit and candy and Christmas dinners and all the things necessary to a Merry Christmas.

Firemen Big Help

Through the generosity of the Goodfellows who donated toys and the firemen who repaired and repainted them, 61 families were provided with boxes of toys and presents of all kinds. Most of the families are large ones and hundreds of youngsters were given renewed faith in Santa Claus.

The Goodfellows club personally delivered 15 baskets of food for Christmas dinners and 32 more were provided by Goodfellow volunteers who delivered their own.

(Continued on Page 6)

Seems Sort of Balm Compared To Wednesday, Eh?

Comments of "My, isn't it a nice day" and "It's like spring" were heard today as the temperature in Dixon soared to a balmy 20 degrees above zero before noon, a 40 degree rise from yesterday. The low last night was only two below zero, according to INU. The high yesterday was 12 above at 3 p. m. The Associated Press forecast for tonight says snow flurries and not so cold. The low will be around 10 above. The high Friday is forecast at 20 above with the low Friday night at 10 above.

Mrs. McMahon Asks Divorce; Charges Cruelty

Margaret C. McMahon, 606 S. Hennepin avenue, charged her husband once threatened her life in a divorce complaint filed today in the office of Circuit Clerk John O. Shaugh Jr.

Mrs. McMahon asked for the custody of the two children, support and alimony. Through Dixon, Bales and Gunner, she also charged her husband, Donald M., once struck her and broke a knuckle on her right hand.

The McMahons were married December 25, 1946, and separated precisely four years later.

Writer's Condition Good After Surgery

Hollywood, Dec. 28—(AP)—Robert Riskin, 55, academy award winning screen writer, was reported in good condition today after undergoing brain surgery. He was hospitalized yesterday. Physicians decided on an immediate operation to remove a blood clot Riskin's wife, ex-actress Fay Wray, remained at his bedside.

Hormone to Battle Arthritis Has Been Made Synthetically

Cleveland, Dec. 28—(AP)—A third potent hormone to fight arthritis and other diseases has been made synthetically. Called Compound F, it comes naturally from the adrenal gland.

The discovery of a practical way to make it by chemistry was reported today by Dr. Max Tishler of Merck & Co. to the American Association for the Advancement of Science. Tests will start soon to learn if Compound F is as good as or better than the other two anti-arthritis hormones, cortisone and ACTH, he said.

Both Cortisone and ACTH bring amazing relief from the pains and swelling of rheumatoid arthritis, but the relief usually lasts only as long as the hormone is taken. They knock out the fever and may prevent heart damage in rheumatic fever, have temporarily shrunk or halted some forms of cancer, and shown surprising results in burns and other diseases. Compound F showed comparable effects in one case of arthritis and one case of leukemia, or cancer of the blood. Tiny amounts of it were obtained by using animal adrenal glands kept alive outside the animal's body.

Chinese Build 190,000 Man Attack Force

Six Corps Poised For Drive on Seoul

By OLEN CLEMENTS
Tokyo, Dec. 28—(AP)—United Nations forces manning the 150-mile defense line across Korea's midsection braced today against the expected flood of massed Red manpower. But there was little action.

General MacArthur predicted that more than 19 Red divisions—up to 190,000 men—would rush against his tightened new lines in the next two weeks.

The UN commander said Communist China has mobilized its "war effort on a national scale."

Expect Attack Soon

In his war summary, MacArthur said the last known location of the 19 divisions, which compose the Chinese Communist Fourth field army, placed them in a position to hit the Eighth army some time between Jan. 1 and Jan. 10. He said there were six Chinese corps in the area and that limited attacks in lesser strength of one or more armies (corps) could be launched at any time, but a coordinated attack could be expected by the 10th of next month. The vanguard of a 1,350,000 Communist force, mostly Chinese, was only 35 miles north of Seoul Thursday night.

Mass Red Troops

A U. S. Eighth army briefing officer said two Chinese armies of about 60,000 men were massing 35 miles north and northwest of the apprehensive South Korean capital. Little ground action was reported. Patrols from both sides probed lines for weak spots and strength.

In the air, Far East air forces and Fifth Air Force planes hammered at Red troops immediately behind the enemy lines. Two Russian (Continued on Page 6)

Will '51, War Threat Return Food Controls?

By OVID A. MARTIN
Associated Press Farm Writer
Washington, Dec. 28—(AP)—Will the new year with its speeded up mobilization program and threat of war bring food rationing back to this country? Agriculture department officials, asked to comment on the outlook, said today it was impossible to forecast whether food controls—including price ceilings—will be necessary. But at this time, they agreed, there is nothing in the picture that would indicate rationing of any items—with possible exception of meat—may be needed.

The officials pointed out that current supplies of farm products are heavy and that agriculture's productive power is the greatest in history. Secretary of Agriculture Brannan has said that even allowing for increases in military needs, "we expect to have ample food in the year ahead so that civilians can actually eat better than during the past two years."

In the case of meat, rationing may be necessary, not because of short supplies, but because of an unusually heavy demand. Even then rationing would be used only to help make price ceilings effective. While giving this favorable picture of the situation, officials cautioned that unforeseen developments might well require resort to food controls.

Major Changes in Social Security Law Will Be Effective Jan. 1; Affects Many People

By JAMES MARLOW
Washington, Dec. 28—(AP)—These two big changes come Jan. 1 under the new social security law.

(1) A great many people will pay a larger social security tax, and (2) About 10,000,000 people become eligible for social security coverage for the first time.

Pension After 65
Social security coverage means, if you work long enough in a job covered by the law, a pension for yourself and wife when you retire after 65 or benefits for your family if you die.

No. 1—Now the tax is three percent on the first \$3,000 earned by a person in a covered job, with the employee and employer each paying 1 1/2 percent. There is no tax on what is earned above \$3,000.

On Jan. 1, while the tax remains at three percent, it will apply on the first \$5,000 earned.

Includes New Groups
No. 2—Here are the new groups to whom social security coverage has been opened:

(a)—Self employed people (but not all self employed). The following self employed are still excluded from coverage: self employed farmers or farm owners; doctors; lawyers; dentists; optometrists; osteopaths; veterinarians; chiropractors; Christian Science practitioners; professional engineers; naturopaths; architects; full time practicing public accountants; and undertakers.

(b)—Domestic workers. For example, a cook, maid, family chauffeur, butler, nursemaid, washerwoman. But no domestic worker is covered unless he or she works for the same person at least some part of 24 days out of a three month period and earns at least \$50 in that period.

(c)—Agricultural workers. This means—provided they regularly employed on a farm—outside workers like farm hands and inside workers like cooks or maids in the farmer's house. No one in this group is covered by the law unless he has worked at least five months for the same employer.

Insurance Salesmen
(d)—People in this group: Full time life insurance salesmen; traveling or city salesmen taking orders from business places for their employers (but not door-to-door salesmen); agent drivers and commissioned drivers distributing meat, bakery, fruit or vegetable products and beverages (but not milk); drivers in laundry or dry cleaning services; and people who work at home, earn at least \$50 in a three month period, and do their work on materials given them by their employer with specification from him for doing the job.

(e)—American firms' workers employed abroad.

(f)—Federal employees not already covered by a government pension system for federal employees.

(g)—Workers in Puerto Rico and Virgin Islands. They've never been under social security before.

(h)—Transit system employees of a state or local government. For example, a bus line owned by a city. This one is so full of "ifs" there is not enough room here for

explanation. If you're in this group, check with your nearest social security office for full information.

Need Two-Thirds Vote
(i)—Employees of non-profit organizations—such as religious, educational, charitable, scientific, or literary organizations (for example, the Red Cross)—can come under social security but only if—

Two-thirds of the employees vote for doing so and then only if the organization also agrees, since once its employees come under social security that organization must pay half their tax. People who are members—not employees—of a religious organization are still excluded from coverage. Example: priests, nuns, ministers.

(j)—State and local government employees not already covered by a pension system of that state or local government. But these people can not come under social security unless the state or local government wants them to, since it will have to pay part of the tax.

The people in all eight groups from A to H must come under social security. The law compels it. As noted, in the last two (I and J) it's optional for the employer or employees.

A new and extremely sensitive instrument for detecting and measuring radioactivity goes the Geiger counter one better by not only showing the presence of radioactive material but also telling which such material is present.

Production of Steel Hits New All-Time High

By WILLIAM G. SMOCK
Pittsburgh—(AP)—Steel production in 1950 soared to an all-time record of about 97,000,000 tons of ingots and castings, breaking the previous top set in the war year of 1941 by 10,000,000 tons.

The 1950 figure is an estimate by the American Iron and Steel Institute. It compares with 89,642,000 tons in 1944 and 77,975,000 tons in 1949.

A Fine Record
The 1950 output leaves the peace-time record of 88,640,000 tons, set in 1946, far behind.

American steel mills established the new record by expanding capacity while working full blast a big part of the year. Steel producers look forward to more expansion and even greater production in the coming year.

The past year began with a struggle to catch up with the order backlog inherited from the great steel strike of 1949. Producers are still trying to catch up with orders.

Strikes Hurt
Steel production was hampered in January by the three-day work week imposed on the country's 400,000 soft coal (bituminous) miners by John L. Lewis, United Mine Workers president.

Steel production remained crippled until Lewis ordered his men back March 5 under a new contract.

At year's end, however, no government compulsory allocation system had been set up. By April, defense orders probably will be

JUICY DRESSED VENISON is wrapped up in the package being handed to Gene Ketchum, 10, by Ogle County District Conservation Investigator Paul R. Beebe, right. The Illinois department of conservation gave 75 pounds of venison to the Nachusa Lutheran orphanage for Yule-tide season feasts. Shown also left to right are Bill Fischer, district supervisor; Robert Dultz, 9; Jerry Overheu, 11, and L. F. Weihe, superintendent of the orphanage. The meat is from deer killed by automobiles or taken away from poachers. Besides the gift to the Nachusa home other stacks of venison were distributed to the Convent Children's home at Princeton, Mt. Carmel orphanage at Morrison and the Nomequa lodge, Rock Island county's girls' home. Distributions are being supervised by Leonard Schwartz, state conservation director.

All This Man Needs to Make A Big-Time Movie Is \$50,000

By SAUL PETT
(For Hal Boyle)
New York, Dec. 28—(AP)—Think of all that goes into a Hollywood movie.

Think of the acres of studio lots, of the huge sets and the actors, writers, directors and army of technicians. Of the producers and assistant producers and assistant assistants. Of the story conferences and swimming pools and the assistant swimming pools.

Now think of Stanley Kubrick. He makes movies, too. Professional movies.

He's only 22. He doesn't own a swimming pool or a studio or a home or an office. He lives in a one-room Greenwich Village apartment, which is his office. His only permanent staff is his wife. He doesn't even own a camera or a single spot light or an ulcer.

Kubrick is working on a full-length movie which he insists can be done for only \$50,000. He doesn't own that either. Very few non-western full-length pictures have been made for less than \$200,000.

Less than a year ago, Kubrick was a staff photographer on a picture magazine. He thought movies could be made more artistically for less money.

Watched, Learned
So he saved his money and learned the movie business by watching movies.

While still employed at the magazine, he spent his nights preparing a shooting script. A friend in the Bronx composed background music.

With \$3,000 which he had saved and \$2,000 which he borrowed from a bank, he went to work. His locations were real apartments and streets and an arena. His cast was made up of real people, not actors. He did everything else himself from directing to arranging the lights, stands and reflectors.

It Took 6 Days
Within six shooting days, he had himself a 12-minute short titled "The Day of the Fight." It tells the story of the rising tension that plagues a boxer as a bout approaches. The fighter was Walter Cartier, a club performer whose performance almost ruined the picture.

"Walter was fine in the scenes before the fight," Kubrick recalls. "But he made the fight itself too short. He finished the other guy in the second round. So we had to reshoot some of the fight scenes."

The picture cost \$5,000 and Kubrick sold it to RKO "at an impressive profit." RKO liked his work so well they had him direct a documentary short about a flying priest in New Mexico.

About the same time, Kubrick and a poet-friend, Howard O. Sackler, wrote a full-length script about four soldiers caught behind enemy lines. It is an allegory full of action and symbolism concerning man's search for his own identity.

Planning Important
"I'm certain we can do it for \$50,000," Kubrick says. "The answer is careful planning. We have worked out on paper every scene, every shot. There will be no sets. We'll shoot the whole thing outdoors. We'll have only four principal actors and 10 extras."

It's a nice way, he adds, "to make a movie, to make some money, to have some fun and creative satisfaction."

Mount Morris Plans for '51 Farm Classes

Mt. Morris—Plans have been completed by the Mt. Morris vocational agricultural department and the Mt. Morris agriculture advisory council for the 1951 adult farmer evening school.

The school will be held Tuesday nights beginning Jan. 2 at 7:45. All meetings will be held in the agriculture room of the high school. Dr. Van Ausdall, assistant superintendent for the Illinois state department of livestock industry, will discuss the diseases which have taken a heavy toll of hogs in Illinois the last few months.

The council feels that this meeting is of great importance to the farmers of the community.

The agriculture department extended a welcome to all interested in farming to enroll in the school.

Scout Courses
An emergency service course for all senior scouts of the Sinissippi district will be held at Camp Lowden each second and fourth Thursday for seven meetings commencing Jan. 11.

Subjects include fire-fighting, disaster, first aid, refugee control, spotting and traffic control. Cooperation is expected from the Ogle county sheriff's office, Office of Civilian Defense and the American Red Cross.

Boys who complete the course and qualify will be registered as emergency service explorers. There will be a place for them in the Civilian Defense program.

BORDER INCIDENT
Belgrade, Yugoslavia, Dec. 28—(AP)—The Belgrade radio reported last night 150 Romanian soldiers fired "many shots" across the frontier in an attempt to recover the body of one of their officers killed for trespassing on Yugoslav soil.

'50 Science Awards To Newsman, Writer

Cleveland, Dec. 28—(AP)—Prizes of \$1,000 each were presented today to a newspaperman and a magazine writer for excellence in science writing in 1950.

The George Westinghouse science writing awards were given to Norman M. Howden of the Rochester Democrat and Chronicle and Miss Rachel L. Carson, editor-in-chief of the U. S. Fish and Wildlife Service and free lance magazine writer. She lives in Silver Springs, Md.

They received them at a luncheon during a meeting of the American Association for the Advancement of Science, which administers the annual competition.

The 1950 University of Arizona freshman football team averaged 56 points per game to its opponents 6.7.

OW HALTS TRAFFIC—An early morning 8-inch snowstorm left Chicago traffic paralyzed in many areas of city. These cars are snow-bound in the parking areas at the Museum of Science and Industry as snowfall continued into late morning hours.

emy Using Nerve Gas or Germs Could Halt Production of A-Bombs Without Firing a Shot

By ELTON C. FAY
Washington, Dec. 28—(AP)—The use of nerve gas or germs might be able to halt production of American atomic weapons without ever dropping a bomb or firing a shot. Or he might, literally, the military center at the Pentagon.

The possibilities are implicit in a new book published yesterday by the Civilian Control Administration. Its purpose is to tell state and local organizations, and the people, what to expect in atomic warfare and what to do about it.

Book Is Thorough
The book, "Health Services and Weapons Defense," is much of the previously published guidance for defense in atomic attack. But it also goes far deeper into the sub-

ject of chemical, germ and nuclear warfare than any other book of the government has published.

h of the book concerns the saving of those who have been injured, but there also is a chapter on what to do with the bodies of those killed by blast.

Smith, 20, Loses Both Legs, Both Hands in Korean Battle; Will See His Mother Today

Washington, Dec. 28—(AP)—An 18-year-old boy from northern Illinois, who lost both legs and both hands in the Korean battle, will see his mother today.

Smith, who was wounded in the Korean battle, will see his mother today. He was wounded in the Korean battle, will see his mother today.

To See Mother
Smith arrived here yesterday and was carried to his mother's home by stretcher.

Smith is the only quadruple amputee reported thus far in the Korean fighting. There were two in World War II.

One of these, James W. (Jimmy) Wilson, said yesterday at Boulder, Colo., that he planned to contact Smith and talk with him.

"From my own experience, I know that encouragement from persons with similar injuries is the best morale builder possible," Wilson said.

Now a student at the University of Colorado law school, Wilson also was a victim of freezing cold that forced amputation of all four limbs. His home is at Stark, Fla.

Tampico Man at Large in West Coast Jailbreak

Redwood City, Calif., Dec. 28—(AP)—Three of five knife-wielding prisoners who escaped from the San Mateo county jail here last night were recaptured three hours later by Redwood City police.

The fugitives, Daniel R. Heaney, 23, David E. Patton, 21, and Robert R. Miller, 19, surrendered to officers who found them under a bridge.

Still at large are Richard McWhorter, 31, and Paul R. Campbell, 26, of Route 2, Tampico, Ill., charged with burglary. McWhorter, Heaney, Patton and Miller are Californians.

The five escaped in a well-timed and executed break after two previous attempts failed.

Jailer Al J. Ludwig said Heaney lured him into a second floor jailblock by faking illness; then grabbed him. Patton and Miller pressed knives into his back and took his keys, then all five fled after locking him in the jailblock, Ludwig related.

Oregon Sailor Paid Visit to 'Gay Paree'

Edwin D. Borden, fireman, USN, son of Mr. and Mrs. Harry Borden of Route 2, Oregon, recently had the opportunity of visiting Paris. His ship, the aircraft carrier USS Coral Sea, made Cannes, France, a ten-day stopover on her recent Mediterranean cruise.

On conducted tours, or just on their own, the sailors were given a chance to see for themselves all that the city offered. The Eiffel Tower, the Arc de Triumphe, Pigalle, the ships and cafes of Montmartre, were all subjects for visiting or explorations.

January is the wettest month, with July and August being the driest, in the state of Idaho.

radiological poison, biological material and nerve gas—can be used much more "selectively" than the atomic bomb. They can be aimed at certain groups within a population or at the whole population of a city.

CDA officials say they are issuing the new book "not with the idea of spreading horror stories or alarmist reports but to present a challenge that must be met" if attacks on the great civilian centers of the United States occur.

A THOUGHT FOR TODAY

In all instances where our experience of the past has been extensive and uniform, our judgment as to the future amounts to moral certainty. — James Beattie.

UN Must Act to Regain Prestige

The free world cheered last June when the United Nations moved boldly to stamp out Communist aggression in Korea. For the first time, an international peace agency had acted almost as a unit in dealing with an act of war.

"The UN is saved," was the general consensus. "It has proved its worth."

Since late October, however, the UN has been confronted with a new and greater aggression—the Chinese Reds' invasion of Korea. Yet up to now it has neither officially condemned this aggression nor ordered the Chinese to get out.

A resolution of condemnation by the General Assembly is gathering dust. And the assembly is recessed for holidays.

Its sole achievement was the appointment of a three-member commission to try to negotiate a cease-fire between UN and Chinese forces in Korea. The United States which has wanted vigorous action all along, supported that move in a "better than nothing" mood.

It was skeptical of prospects for a cease-fire, and thus far events have justified its doubts.

If the UN does not soon muster the collective courage to speak out firmly against Chinese aggression, it will come perilously close to losing permanently both its effectiveness and its prestige.

Failure to act will allow people to say—with good reason—that the UN is a minor league peace agency, that it is fearful before a small aggressor but trembles before a big one. Aggression is aggression. If you're against it, you're against all of it wherever it shows itself.

Spokesmen for some of the free nations will argue that a UN condemnation of Red China would have impaired efforts—still in progress—to end the fighting and work out a settlement.

These men fear to take any step they feel might engulf the U. S. and others in a long, perhaps fruitless land war with China. That fear is understandable. Not even the U. S. wants such a war.

But their basic attitude demonstrates they have no confidence in the UN's ability to marshal the moral force of the world. It shows further that they doubt the UN's ability to make its collective strength a power for peace.

Above all, the UN is a peace agency. If it fears to act against aggression because such action might lead to general war, that amounts to saying that it has utterly no worth as a collective security organization. It has no greater job than to stop aggressors.

A UN without the confidence of many of its most enlightened members is a UN headed for death. Unless the UN acts soon in accordance with the principles and aims of its charter, it might as well start looking for a tenant or a buyer for its impressive 42-story building on New York's East river.

Red Words vs. Red Deeds

Dig out the Russian Communist primer and you read that Communists stand for the people. Their party is the party of the worker, the farmer, the downtrodden. Just string along with them, and everything will be fine for you.

Lets' see how this works out in practice.

The other day the Soviet embassy in Washington was disclosed to be installing some fire-fighting equipment (presumably in anticipation of air raids staged by guess-who).

For this task, the party of the people put its trust in non-union men, not in the organized workers who are supposed to be the symbol of the workingman the world over.

★ RUTH MILLETT ★

Healthy, Happy Children Better Than Perfect Lawns

Which is more important for families with children: A well-kept lawn or a neighborhood baseball diamond?

It's surprising how many parents these days decide the beautiful lawn is more important.

I know, because it's a question most of the families in our neighborhood have to decide. Because so many of them decided in favor of a beautiful stand of grass, we're getting worn spots on our lawn.

But what's so wonderful about having a beautiful lawn if kids can't turn it into a playing field on a pretty day?

What are a few worn spots on a lawn if they mean that a crowd of children are out of doors, running and playing, developing their skill at a favorite game?

A woman reader asks me to write a piece about how awful it is for kids to turn front yards into playgrounds and spoil the beautiful effect of a neighborhood of beautifully kept yards.

A YARD SHOULD BE PLAYED IN

I can't do it. I can't see any reason in a family with children,

★ IN HOLLYWOOD ★

Hollywood—(NEA)—Behind the Screen: If Lynn Fontanne and Alfred Lunt can get away with it, so can Jeanette MacDonald and Gene Raymond.

I mean this little stage tricks that a Mr. and Mrs. can uncork behind the footlights.

Jeanette and Gene are working up some fancy boudoir touches for their first Broadway co-starring play with music, "The Guardsman." I couldn't worm the surprises out of Jeanette, but she whistled:

"Remember the scene in 'O Mistress Mine' when Lynn put her hand on Alfred's leg and went tickle-tickle-tickle? That's what I mean."

They'll be putting Jeanette's name up in lights as a Broadway star for the first time since 1929 when the spiky Molnar play opens next spring. After warbling in four flops, Ernst Lubitsch snared her out of the Chicago company of a musical called "Boom-Boom" back in '29 to play the queen with Maurice Chevalier in "The Love Parade."

"What a title—'Boom-Boom.' Jeanette shuddered. "It can be said that I left the stage with a bang. Cary Grant, known then as Archie Leach, was in the show with me. We were both not very good."

SUCCESS BY HAIR

Betty Grable is the only Hollywood star who gets her crowning glory brushed and curled by the mother of another star. Marie Brasseur is Betty's hair-dresser and MGM's Keefe Brasseur is Marie's progeny.

Says Keefe: "Betty used to get me on the set so that producers would see me and tell everybody that I was Marie Brasseur's son. Now she introduces mother as the mother of Keefe Brasseur."

Marge and Gower Champion, the dance team, are up at bat for the third time in MGM's "Show Boat." Their first movie try in Bing Crosby's "Mr. Music" hit the silver screens soon, but their second stint for RKO's "Two Tickets to Broadway" fizzled when Howard Hughes ordered the choreography they had devised after months of work tossed in the ash-can.

"We weren't disappointed, just frustrated," Marge told me. "As Gower says, we got absolutely nothing out of it but a home and a swimming pool."

The Champions turned Janet Leigh into a prancing, high-kicking Vera-Allen during their assignments to the picture.

"Everybody will be amazed," Marge enthused. "Janet's just fabulous as a dancer. I worked for 10 years before I got to the place where she was after five months."

RITA'S IMAGE

Mary Castle, Columbia's dead ranger for Rita Hayworth, isn't losing any shut-eye over worry of what will happen to her when Princess Aly Kahn reports back to the lot next March or April. Looking more like Rita than Rita, Mary told me on the "Criminal Lawyer":

"I'm doing as much as possible to avoid the resemblance. I'm tired of people rushing up to me and screaming, 'Rita, darling, when did you get back?'"

The publicity boys are already priming the studio lensers to pop the flash bulbs when Rita meets Mary.

"It ought to be very interesting," shrugged Rita's spittin' image.

Dorothy Lamour will play the role of a circus aerialist who swings y her teeth in C. B. De-Mille's circus epic, "The Greatest Show on Earth." Preparing for the part, Dottie has been undergoing a grueling routine of neck, arm and torso exercises. A double will do Dottie's high flying, but there will be enough closeups to give her a good workout. Watching Dottie exercise, husband Bill Howard cracked: "It's a great role, honey, but do you think you'll ever get it off the ground?"

A girl from a family with very little money is marrying a young man whose parents are wealthy.

WRONG: She lets his parents pay for the wedding.

RIGHT: However simple the wedding may be, the bride's parents always give it and pay for it.

You are invited to a barbecue supper where the food is cooked out-of-doors.

WRONG: Sit back and relax and let your host and hostess do all the work.

RIGHT: Take some part in the preparations, whether it is helping to get the food on the table or whatever might seem to be of aid to your host or hostess.

The Modern King Canute

THE DOCTOR SAYS

Know Protective Measures For Contagious Pinworms

By EDWIN P. JORDAN, M. D.

Tiny white worms in the lower intestines are usually pinworms or seatworms. These are only one kind of animal parasite which can lodge in the bowel, but like the others pinworms often interfere with the general health and are difficult to get rid of.

Pinworms are most common in children, especially among those in large families or in children living in institutions. They are comparatively rare in families in which separate bedrooms are used.

This is because the worms get on the bed linen, pajamas and other clothing and are picked up by others who come in contact with such objects. When children live in an institution or dormitory or when several use the same bedroom the spreading of the worms from one person to another is easy.

The eggs from pinworms are usually laid on the skin and mucous membrane near the outlet of the bowel. This causes severe itching. In fact the itching can be so bad that it produces nervousness, sleeplessness, and even convulsions. The exact diagnosis is made by taking swabs from the place where the worms are likely to be and examining the material under the microscope.

Although infection with pinworms is common, it is frequently confused with other parasites and

the diagnosis must be clarified by accurate examination. Once this has been done, proper treatment can be started.

Treatment is reasonably satisfactory but should be given to all infected persons in a family or to all children in a dormitory. About nine out of ten are cured by this means although the treatment may have to be repeated several times.

PLENTY OF SOAP

As soon as an outbreak of infection with pinworms has been discovered, treatment should be prompt and thorough. Children who are exposed as well as those who have the worms must be given information on hygiene measures. Without care, the danger of reinfection is great. Careful and frequent washing of the hands with soap and water is the most important.

With the improvement in knowledge of hygiene and how to take care of one's body and better methods of treatment, pinworm infections have become less frequent. Once established, however, pinworms rarely or never die off of themselves without treatment.

Dr. Jordan will answer questions from his readers in a special column once a week. Watch for it.

SO THEY SAY

The best way to help the farmer is to help him find the way to the market at less cost and with more efficiency. Government aid in marketing, in lowering the cost of transportation and in finding new uses for farm products is the way to prosperity with freedom.

—James A. Farley.

Communism is committing suicide by continuing the struggle in North Korea.

—Dr. Toyohiko Kagawa, internationally-known Japanese Christian leader.

I think an investment in human beings is the greatest investment anyone can make.

—President Horace Hull of Hull Dobbis Co., on profit sharing.

There's powerful support in Washington for the idea of paying for the war as we go. This is . . . probably the first time in history that there is a virtually unanimous opinion to do that.

—Ralph Robey, chief economist for the National Association of Manufacturers.

If ever a time imposed a test, not alone of strength, but of character, upon our people, this is the time.

—Secretary of State Dean Acheson.

There are more physicians in Washington, D. C., in proportion to its area and population, than in any other American city.

Voice of the People

'THANKS' SAYS

RAE ARNOULD

To the Editor

Dixon Evening Telegraph
Dixon, Illinois.

Dear Sir:

Now that the "storm" has partially subsided, I wish to thank you most kindly for the wonderful cooperation that you and the Dixon Evening Telegraph and your reporters have given to the Post Office Department during our Christmas rush.

We still have Christmas cards for distribution, however, we were able to get all parcel post Sunday which had been received here up until Sunday morning. My most sincere thanks also go to the Henry Pratt company for allowing us to use their building for unloading and distribution of parcel post and if this had not been done I do not believe it would have been possible to accomplish delivery.

As you know this was one of the most trying times in this office, due to the many unexpected things that happened, however, we tried to do our best and I appreciate the efforts of the employees of this office as they are very faithful to their duties.

Again thanking you, I am,
Most Sincerely yours,
Rae A. Arnould
Postmaster.

The oil filter should be checked frequently, even if it has been installed recently.

Former Oregon Pastor Killed In Car Crash

Streator, Ill.—The Rev. Sidney E. Magau, former Oregon pastor, and his wife were killed today in an auto accident near Mionok.

James and David Magau, sons of the Rev. Magau and wife were injured seriously. Mrs. Ruth Hoskins, about 60, a nurse, and Paul Hatch, about 55, also were taken to the hospital.

The Magau family was driving to Hammond, La., where he was to officiate at the wedding of another son on New Year's day. The minister was a former pastor of the Church of God in Oregon. His car went out of control on an icy patch of pavement, skidded off a curve and ran into a tree. The injured were taken to St. Mary's hospital, Streator.

Q—Who was the originator of the "Daily Dozen" exercises?

A—Walter Camp, expert on football, was the originator of the "daily dozen" series of setting-up exercises, instituted in training camps during World War I.

Q—What does the diplomatic term de jure imply?

A—De jure means that full diplomatic recognition has been given to a state; de facto only means acknowledgement of its existence.

Q—In what field do scientists predict atomic power will be first used?

A—In ship propulsion. Vessels are able to carry the six foot concrete shield needed around an atomic pile, the atom smasher.

Q—How much royalty does a person receive on an invention?

A—There is no fixed rule. Royalty on an invention is a matter to be determined between the patentee and the licensee.

BARBS

By HAL COCHRAN

Bootleg booze found in a hearse —news item. We're willing to bet that it didn't die of old age.

A smart husband decides early what he wants to give his wife for Christmas—so she can change his mind in time.

Fast footwork, says a trainer, is most important in fighting. It

also comes in handy in not fighting.

When an auto freezes up these days, it's not only the radiator that steams!

Some couples go through life with but one fight—the one that started the day they were married.

Westbrook Pegler

He Resents Spying on Citizens by Self-Appointed Vigilante Outfits Administered by Irresponsible Professionals.

New York—To establish some facts for the record, I would like to say that I never have met or knowingly communicated with Joseph Kamp; never have met but have exchanged perfunctory letters with Merwyn K. Hart, and have barely met Dr. Edward A. Rumely once in a restaurant. He handed me a card and I did not know who he was until later.

I do not endorse the propaganda disseminated by any of these men through their respective societies, which are: Kamp, the Constitutional Educational League; Hart, the National Economic Council; Rumely, the Committee for Constitutional Government. I did endorse John T. Flynn's great political paper, "The Road Ahead," which was put out in a cheap edition by Rumely's concern, but I did that long before Rumely took it up.

Thwarts Campaign

My purpose in this stuffy approach is to anticipate and thwart a campaign to smear me as an advocate of all that these three men and their societies advocate. They were selected to be victims of persecution by the Buchanan committee of the house which had a mandate to investigate violations of the law governing lobbying. Their treatment amounted to persecution because several other societies which constitute their opposition and which wanted to get at their financial secrets and membership lists, were exempt from the same inquiry.

I believe all organizations which appeal for public contributions and enjoy the advantage of deductibility of contributions from the donors' taxable income should have to show their books and account for their activities on demand by congress. I think these three groups should have to do this, but I also believe their rivals should have been hailed before the committee and compelled to yield the same information. When a responsible head of such a group refuses to give such information he should be punished. But I insist that this was persecution because it was fully understood that the opposition groups would get the secrets of these three, through the agency of a congressional committee, with no intention that the same should be true in reverse.

There are, roughly, two groups engaged in such propaganda. One, on the right wing, is denominated "pro-Fascist" by its rivals. The other is denominated "pro-Communist" by its opponents. I have no information to support the charge of "Fascism" against the right-wing groups, but I do know that some of the left-wingers employ disreputable characters to spy on unsuspecting American citizens and that they keep "files" on individuals. I cannot maintain the designation "pro-Communist" in this article.

Two of the left-wing groups are supported financially by Isidore Lipschutz, a diamond merchant from Belgium. They are the Non-Sectarian Anti-Nazi league and the Society for the Prevention of World War III. A third, the Friends of Democracy, like the Anti-Nazi league, does "detective" work and keeps "files." I believe Lipschutz also supports the Friends of Democracy, but the Buchanan committee wouldn't put the question of either the friends of or Lipschutz.

Kamp already has served one jail term for refusing to give up his secrets to Lipschutz and his groups through the committee. He is now indicted on another charge and Rumely faces jail on the same charge for the same reason.

The Buchanan committee doggedly refused to demand the records of any of Lipschutz's three groups. Congressman Buchanan, the chairman, admitted to me that he was afraid to make a demand for the books and records of the Anti-Defamation league, a society which purports to be "an educational organization dedicated to the preservation and the enrichment of our democratic legacy." This organization recently turned out a book in praise of itself as an enemy of "men who sell prejudice." The title is "a

Measure of Freedom." But the book adroitly ducks the activities of the Lipschutz group of societies and of persons and groups which "sell" the most violent and inflammatory prejudice against Catholics, for example. In its preoccupation with the suppression of prejudice against one element of our society, it seems indifferent to other activities which should be well within its purview if "prejudice," per se, were its interest. It does not challenge the menace of the employment of cheap, thieving scoundrels by private societies to rob the safes of trusting employers who may have been fingered by this or that business rival as persons who "sell prejudice."

JACOBY ON CANASTA

"Play It Safe"—Best Rule

By OSWALD JACOBY
Written for NEA Service

The previous article discussed a specific case when a fine player was forced to choose between two courses of action, both of which were bad. His problem was to choose between freezing the pack or playing for out at a time when all players were down to a few cards but the other side had a vast majority of melds.

Problems of this type occur frequently and there is no general solution. Each one must be considered on its own merits and whatever decision you make is likely to be wrong one.

The first point to consider before making this type of freeze is the standard point. Safety! There is no point in freezing if it looks as if you or your partner will have to give the pile away later on. Therefore, if the opponents have a lot of cards in their hands you can't afford to freeze. If they are down to a few, you can.

The second point to consider is your own play for out if you save your wild cards. If the rest of your hand is a mess of odd cards there is little point in saving your wild card; you have to play for out anyway.

The third point to consider is your partner's play for out. Of course, you can't look in his hand and see what he has, but you can have some idea from the number of his cards and from his last discards.

Of course, if he is down to one card and your side has a canasta you know he has a good play for out and should surely freeze the pile to give him breathing space. This last point is a paradox. Normally, you don't ever want to

freeze the pile if your partner is down to a few cards, since you will be afraid that he will lose it. However, if the opponents have lots of melds on the table, the chances are that your partner's one card is one that they won't be able to pick if the pack is frozen. Furthermore, if the man in back of him has melded down low, the chances are that your partner will never get into trouble once the pack is frozen.

Now for a final word on this subject. As long as your side has made one canasta, don't be like canasta Charlie and waste your one wild card by using it to make a second canasta. This second canasta will be worth 300 points to your side all right.

If you use your wild card to freeze the pack the play may save you a couple of thousand points, while if your wild card enables you to go out just one round sooner than otherwise, you may save two or three canastas.

As for wasting your one wild card merely to build toward a second canasta, remember that in these instances the play is criminal.

Mr. Jacoby is unable to answer individual questions on Canasta from readers. However, he will include the most frequently asked questions in his column.

Miss McCaffrey To Be Bride of Marshall Jones

Announcement is being made by the Frank McCaffreys of Amboy of the engagement of their oldest daughter, Marilyn, to Marshall Jones of Rockford, son of Mr. and Mrs. C. Avery Jones of Byron.

Marshall, former Sports editor of the Dixon Evening Telegraph, is now associated with the Monumental Insurance company, Rockford.

Miss McCaffrey who is a graduate of the Amboy schools attended Clarke college, Dubuque, Ia. and Riverside college, Riverside, Cal. She is now employed in the office of the Dixon Evening Telegraph.

ENGAGED TO BE WED—Mr. and Mrs. Frank McCaffrey of Amboy are announcing the engagement of their oldest daughter, Marilyn, to Marshall Jones, son of Mr. and Mrs. C. Avery Jones of Byron.

State Treasurer Elect Willaim G. Stratton Is Wed

Springfield, Ill., Dec. 28.—(AP)—State Treasurer-Elect William G. Stratton, 36, and Shirley Breckenridge, 27, of Chicago, were married here yesterday afternoon.

The ceremony was performed by the Rev. Charles B. Tupper in the studio of the First Christian church. The only other persons present were Mr. and Mrs. William W. Downey of Springfield, who served as attendants.

Downey is a close personal friend of Stratton.

The bride was a private secretary to an insurance company executive in Chicago.

Stratton and his wife left Springfield after the ceremony for Chicago. They plan to go to Washington Saturday for a brief honeymoon and to witness the inauguration of U. S. Senator-Elect Everett M. Dirksen.

Stratton, a Republican, will be inaugurated state treasurer Jan. 8.

It was the second marriage for Stratton and his bride. He was divorced from his first wife shortly after the war.

Wilbur Ransom New President Of Rural Youth

Wilbur Ransom was named new president of the Lee County Rural Youth when the group met recently for their annual Christmas party and election of officers. Gene Kaecker is the new vice president; Darlene Swarts, secretary; Don Bybee, treasurer; Bev Strouss, reporter and Gene Beckett, editor of the Little LeRoy.

Carols were sung to Amboy shut-ins by the group who later returned to the Lee County Farm Bureau, Amboy, for folk dancing, a Christmas exchange and Christmas refreshments.

FRIDAY EVENING
Mr. and Mrs. Elmer Hubert will entertain guests Friday evening at their home, 208 East Boyd street.

Social Calendar

Tonight
Annual Service club chauty ball at the Masonic Temple. 9:30 to 1.
Friday
Palmyra Grange card party at Loveland Community House. 8 p.m.

New Toiletry Aids Budget

By ALICIA HART
NEA Staff Writer

A new development in the fragrance world is good news to women with college budgets and perfume tastes.

Combining the virtues of both perfume and toilet water, this recently-developed product promises to offer one answer to problems of women who have only moderate sums to invest in fragrances.

Described by its makers as a low-cost luxury, the new toiletry contains essences that enable it to vie with perfume for long-lastingness. Its price ranges somewhat above that of the average toilet water, but well below that of most perfumes.

The toiletry is available at present in two well-known scents, both of which gained original reputations as perfumes.

DINNER PARTY
Mr. and Mrs. A. Gordon Wilson, 239 Morgan street, entertained with a dinner Wednesday evening.

Clearness of liquids can be measured by a "recording turbidimeter," which measures and records the quantity of particles suspended in liquids flowing through it. It does this by determining what percentage of a light beam, passing through the fluid, is scattered by suspended particles.

Evening Unit Has Christmas

This year's Christmas meeting of the Dixon Evening Unit of Home Bureau was held at the home of Mrs. Richard Belcher.

Mrs. Archie Brown and Mrs. Coleman Six were assisting hostesses. Mrs. Archie Brown, chairman, presided during the business session welcomed 25 members, one new member, Mildred Anderson, and the following guests: June Pilgrim, Laida Urb, and Mesdames Krieger, Milligan and Unger.

Miss June Pilgrim, home adviser, in presenting the major lesson "Planning meals to save time and energy" stated that frequently the planning of meals is considered routine by the homemaker, instead of one of the most interesting and challenging responsibilities. It is a job requiring earnest effort to serve pleasing meals designed to build better health for all family members, planning so as to save the time and energy of the homemaker. She recommended the analysis of steps necessary for meal planning by planning meals for several days at a time, by simple menus and preparation methods, meals requiring short time from kitchen to table, by examining kitchen arrangement and equipment for efficiency, concluding with suggested menus and recipes for time saving.

The minor lesson "The Life of Mrs. Meis" a prominent Illinois Home Bureau worker and organizer from Hunkley, Ill., a descendant of a founder of Wheaton College, and well known locally was given by Mrs. George Holland.

Mrs. Lloyd Black, in giving the health lesson, "A measuring stick" one of a series on mental health, advised that one should make a thorough self analysis as from appearance, personality and group activity participation.

Gifts of canned goods of the Unit were collected by Mrs. Ivan Wallace for distribution.

Mrs. George Holland and Mrs. Carl Santee led the singing of Christmas carols concluding with "Jingle Bells" at which time the gifts for exchange were passed three times.

Mrs. Belcher presided at the punch bowl in the center of the holiday appointed table of pointsettias and gay Christmas cookies.

Tell Engagement

Polo—Mr. and Mrs. O. Glen Isley of Polo are announcing the engagement of their daughter Betty Ann to Kenneth Obendorf, son of Mr. and Mrs. Arthur Obendorf, Polo, route 1. No definite date has been set for the wedding.

Viola Unit to Meet Jan. 18

Members of the Viola Home Bureau unit met at the home of Mrs. S. E. Anderson last Thursday afternoon with 26 members and two guests present. Mrs. Vivian Pettenger gave the minor lesson.

Miss June Pilgrim, home adviser, gave the major lesson on planning meals to save time and energy. Mrs. Alice Chao gave the health lesson. A Christmas exchange was held.

Jan. 18th, the next meeting will be at the home of Mrs. Bertha Mae Cheeseman.

At North Central

During the Christmas assembly program at North Central school, Mrs. Reeder's seventh grade presented a play, "Christmas Comes to Grandpa." Those in the cast were: Don Finch, Carol Schreiner, Darrel Sholders, Peggy Marshall, Frank Gronberg and Barbara Madden.

PALMYRA GRANGE PARTY
Palmyra Grange will sponsor a card party Friday evening, Dec. 29th at 8 o'clock at Loveland Community House. The public is invited.

Palmyra Society With Mrs. Lawton

Members of the Palmyra A. D. Society held their Christmas meeting at the home of Mrs. Edward Lawton. Following the scramble dinner the business meeting was brought to order by president, Mrs. Charles Butterbaugh. Mrs. John Sheaffer conducted the devotions which were in keeping with Christmas. The group discussed plans for the serving of a dinner on Jan. 4th.

Mrs. Arnold Butterbaugh and Mrs. Edward Lawton had charge of the program and gift exchange.

Judge Studies Mino Gerbers Estate Claims

Circuit Judge George C. Dixon took under advisement Wednesday a decision on the distribution of the estate of the late Mino Gerbers, a Bradford township farmer who died in 1930.

In a family dispute, Harold Gerbers and his mother have filed objections to the findings of Special Master in Chancery Ruth Merrick. Mrs. Merrick recommended that a second son, Paul, who was six when his father died, be given one-third of the estate's home, bank account and bonds.

The bulk of the estate now is a 120-acre Ashton farm, sold in a public auction to Mrs. Gerbers in 1949 for \$38,000. Judge Dixon ruled previously that Paul was entitled to four per cent interest on his one-third share of the purchase price.

Through Warner and Warner, Harold and Mrs. Gerbers have argued that \$7,500 should be subtracted from the money due Paul because of the cost of raising him from the time he was six until he was 21.

Mrs. Gerbers also asked that \$148 be credited to her for a set of dishes she allegedly bought Paul as a wedding present.

Mrs. Gerbers has testified that no records were kept of the farm's income after her husband's death, although she and the two boys were entitled to one-third shares in the estate.

Dies in Auto Wreck on Way To Rose Bowl

(Continued from Page 1)

resulted to the large trailer truck while the car received \$1,000 damage.

Tickets in Pocket
According to Preston, tickets for the annual Rose Bowl game were found in Mr. Poor's pockets. His wife and child were rushed to the Rochelle city hospital by ambulance but probably will be dismissed today.

A coroner's jury in Amboy decided Mr. Poor died as the result of "internal chest injuries caused when his body was thrown against the steering wheel."

Mrs. Poor testified they had been on their way to Pasadena, Calif., for the Rose Bowl game. She said she had been sitting in the back seat while their son was sleeping on the front seat. She sustained a broken left wrist and the little finger of her right hand. The boy received only a cut on the mouth.

To body is at the Tomlinson funeral home, Amboy. Mrs. Poor and her son were returned to the Rochelle hospital prior to dismissal.

Admits Killing Zeigfield Girl In Hotel Room

(Continued from Page 1)

the Ashland hotel. The ex-Follies girl, about 50, had been garroted with a strand of cloth looped tightly about her throat.

Police quoted the prisoner as saying Miss Hughes was dancing about the room when he made advances to her. She rebuffed him, and Nordkvist throttled her, police said.

The Swedish-born Nordkvist was returned here last night after his arrest in Utica, N. Y., where he fled after the slaying.

Acquit Californian Of Passport Frauds

San Francisco, Dec. 28—(AP)—George T. Davis, northern California manager of President Truman's 1948 campaign, was acquitted last night of charges that he aided Chinese aliens to obtain false American passports.

A federal court jury of six men and six women convicted Dickson Lee, a Chinese co-defendant, on three counts of passport fraud. Lee was sentenced to three years in prison.

Davis, an attorney, and Lee were charged with conspiracy and fraud by aiding seven alien Chinese to obtain false California birth certificates and with them American passports.

Three Youngsters Die in Fire That Destroys Dwelling

Murphysboro, Ill., Dec. 28—(AP)—Three small children perished early today in a fire which destroyed the four-room frame home of Mr. and Mrs. Alva Boone. The parents and a six months old baby suffered severe burns while a fifth child escaped with minor burns.

The dead were Harry, 10, Lora Jean, 6, and George F., 3, who were asleep in one bedroom. Boone, 35, a printer, his wife, Lillian, 29, fled the burning home with the baby and Theodore, 8.

Firemen said the three children appeared to have suffocated. They said the fire apparently started from a coal heater in the living room. The interior of the house was destroyed.

Boone who normally works until 1 a.m. did not go to work yesterday afternoon because of illness. The fire was discovered about 12:45 a.m.

Deaths

ERNEST DOWNES

Word has been received here of the death of Ernest Downes of Oglesby, father of Mrs. Girard Brooks, Mrs. Joe Villiger and Harry Downes of Dixon. He died at 12:30 Wednesday noon of a heart attack.

Surviving besides his daughters and son in Dixon are his wife, a son William of Chicago and a daughter, Mrs. Raymond King, LaSalle; eight grandchildren and one great-grandchild. He was a resident of Oglesby for 50 years. Funeral services will be held at the Shields funeral home, Oglesby, Saturday at 1 p. m. The body will be brought to Dixon for burial in Chapel Hill cemetery where a short graveside service will be held about 4 p. m.

MILTON D. WISLER

Polo—Milton D. Wisler died last evening at 8 o'clock at his home, 305 South Congress street, Polo, after a lingering illness. He was born at Burd-N-Hand, Lancaster county, Pa., Feb. 17, 1868, the son of George and Mary Denlinger Wisler.

He came to Illinois when a young man. He was married June 8, 1895 to Marian M. Cross who died Aug. 23, 1950.

He is survived by two daughters, Mrs. Bertha Gilbert, Sterling and Mr. Hazel Giffrow, Rock Falls; four grandchildren and one brother, A. A. Wisler of Medway, Ohio. His parents, four sisters and three brothers preceded him in death.

The body is at the Melvin funeral home, Polo, where services will be held tomorrow at 2 p. m. Bishop A. C. Good of the Science Ridge Mennonite church near Sterling will officiate assisted by Rev. James Goodballet of the Polo Christian church. Burial will be in East Jordan cemetery. It has been asked that flowers be omitted.

KATHERINE MILLS

Mrs. Katherine Mills died at her home, 1837 Third street, at 1:30 p. m. Wednesday, following a long illness. She was born Dec. 22, 1891 in Mendota.

Surviving besides her husband, Joe, are four daughters, Sister Mary Innocence of Mundelina, Mrs. George E. Slothower, Dixon; Ruth and Verna Mae, at home; four sons, Paul, Arthur, Ralph and Joseph, of Dixon; five sisters, Mrs. Agnes Untz, Mrs. Margaret Brown and Mrs. Francis Hachstatter, Mendota; Mrs. Ella Simpkins, Peoria, and Mrs. Marcella Ceabuska, of Detroit, Mich.; two brothers, Pete and Henry Happ, Mendota; and two grandchildren.

Funeral services will be held Saturday morning at 9:00 from the residence 1837 Third street and at 9:30 from St. Patrick's Catholic church, Fr. T. S. Green officiating. Interment will be in Oakwood cemetery. The body will be taken from the Jones funeral home to the residence at 5 p. m. today, where friends may call.

To Fabricate 35,000 Trailers for Army

Detroit, Dec. 28—(AP)—Two Michigan manufacturers are getting ready today to plunge into military production of 35,000 trailers and an unannounced number of 3.5 inch bazooka rockets.

The Fruehauf Trailer Co. of Detroit and Brig-Gen. David J. Crawford of the ordnance tank-automotive center jointly announced a \$40,000,000 order for all-purpose trailers yesterday.

The Oldsmobile division of General Motors at Lansing, Mich., announced a contract to make rockets for the army's super-bazooka. It is the plant's first defense order since World War II.

MARRIAGE LICENSES

Two marriage licenses were issued today by County Clerk Sterling D. Schrock, including one to a Paw Paw couple, Fremont Robert Wiley Jr., 19, and Miss Dorothy Olive Foster, 18.

The second went to Melvin E. Kessler, 27, Hillsdale, Wyoming, and Miss Thelma F. Meyers, 20, Dixon.

STARTED CUSTOM

The custom of having wedding attendants for the bridegroom began in the days of marriage by capture, when a man called on his friends to help him seize the bride.

WOUNDED MARINES IN JAPAN—Wounded Marines are unloaded in passageway at U. S. Naval hospital in Yokosuka, Japan. Care of wounded men is carried out by both army and navy medical teams.

Goodfellows' Efforts Made Families Happy

(Continued from Page 1)

food baskets to names provided by the Goodfellows club. In many cases, Goodfellow volunteers took over whole families and provided the entire Christmas, including the needed clothing, the toys and the food.

All Deserve Thanks

It is difficult to give credit to the many individuals and organizations cooperating with the Goodfellow campaign. Many of those who took over the Christmas for only one family spent more cash than did any single cash contributor.

Many individuals and organizations gave invaluable aid in the physical job of operating the program.

For instance, the Rock Island Transfer Co., through its manager Charles Ballard, again this year as it has done for many years past, contributed the trucks and drivers for the difficult Sunday job of delivering all the toy baskets all over the city. A group of Boy Scouts under the leadership of Jack Keenan, gave valuable assistance.

The Elks Club donated the use of the club's big basement room for the assembling of the contents of the baskets, another service that has been contributed to the Goodfellow Club for many years.

H. S. Girls Helped
The Girls' Athletic Association of the Dixon schools were very helpful in the matter of sacking candy and other tasks. Groups from various homerooms of the schools helped in visiting families and checking appeals for help.

The Lincoln school Girl Scouts did a very efficient job of packing baskets of toys and presents. Hal Roberts gave a great deal of time and effort all through the campaign and spent the Sunday before Christmas delivering food baskets for the Goodfellows. The Nachusa Orphanage donated a large quantity of extra toys and presents, all wrapped and labeled, thereby sharing their Christmas with the children of the Dixon Goodfellow list.

Eliminated Duplication
The Wa-Tan-Ye club and the other many organizations in Dixon interested in welfare work here cooperated together splendidly in the matter of checking each other's list and eliminating unnecessary duplication.

Many organizations and many individuals took over one or more families and gave them complete Christmases. For instance, the Gyro Club took seven families. Most of the churches of the city took one or more families. Church bible classes, school homerooms, the C. I. O. Union at the Reynolds Wire Co., the Amvets and the Veterans of Foreign Wars, some business firms, and so many individuals took over whole families.

It was a wonderful exhibition of Dixon's great heart and generosity.

The Wa Tan Ye Club intends to maintain this division of welfare activities on a year around basis and will continue to keep open its headquarters at 955 Ottawa avenue. Donations of clothing for both children and adults are solicited. Toys for children will always be acceptable and the men at the fire department at the city hall will repair and renew such articles at any time during the year.

Late contributions reported include the following:
Previous total \$1,483.25
Harry Hinkart 2.00
James R. Bales 5.00
Dixon Rural Tavern 50.00
Assn. 51,540.25

PERSONALS

Duane "Bud" Stevens, employee of the Dixon Home Telephone company, was admitted to Hines Memorial hospital, Dec. 26th for observation and treatment.

Mr. and Mrs. Alan L. Goodyear of Redwood Fall, Minn. and children, Carole and Dale, have been visiting the last several days in the home of the Misses Leva and Lorraine Missman, 818 Brinton avenue.

Peter Dart of New York City is visiting his grandmother, Mrs. C. H. Walgreen at Hazelwood.

Mr. and Mrs. Raymond Lohse of St. Louis, Mo. have returned to their home after a visit at the Harold Green home in Grand Detour.

Charles R. Jenkins, after a Christmas visit at "Sunmystiques", left Monday for Akron, Ohio.

Mr. and Mrs. Eustace K. Shaw and son of Newton, Ia. have been guests at the Robert E. Shaw home on Ravine avenue.

K. S. B. Hospital

Admitted: Samuel Rhodes, Anthony Kowalewski, Chester Ross, Amboy; Mrs. Mattie Collins, Rock Island; Master Robert Pryor, Amboy; Miss Patricia Foote, Lee Center and Charles Lucas, Tiskulwa.

Discharged: Miss Lois Ankeny and Hubert Pooley.

Thirty Cars, Two Agencies Destroyed In Streator Blaze

Streator, Ill., Dec. 28—(AP)—Thirty automobiles and two car agency establishments were destroyed by fire yesterday. Fire Chief Wayne Conner estimated the loss at \$150,000.

The blaze started in the Robert Campbell Nash agency and quickly spread through the one-story building also occupied by the Kaiser-Frazer agency operated by Louis Grabowski.

Eight new cars in display rooms of the two firms were towed out without damage. All the destroyed cars were in the places for storage or repairs.

Conner said the fire started when a car slipped off a jack and a friction spark ignited gasoline leaking from a punctured gasoline tank.

Dean Bowen's Job at Stake With Trustees

(Continued from Page 1)

Bowen Center of Fight
The controversy centers on retention of Prof. Howard R. Bowen as dean of the commerce college. It broke into the open with the resignation of Prof. Ralph H. Blodgett, an economics teacher. A colleague, Prof. Ronald Kemmer, contended Blodgett had been forced out of the university because he is too conservative. Kemmer said Bowen is an advocate of deficit spending.

An advisory committee of 21 alumni and Illinois business leaders has studied the commerce college situation and is expected to report its findings. The Chicago Tribune said it had learned the report will say "it is doubtful" that retention of Bowen as dean is advisable.

Ex-Wife of FDR Jr. Weds, Honeymoons

Wilmington, Del., Dec. 28—(AP)—Mrs. Ethel DuPont Roosevelt, former wife of Franklin D. Roosevelt, Jr., and Benjamin S. Warren, Jr., a Detroit lawyer, honeymooned at an undisclosed retreat today.

They were married yesterday at the suburban Davenport home of the bride's brother and sister-in-law, Mr. and Mrs. Eugene DuPont, III, with only members of the immediate families attending.

BUYS MARKET

Dan Russell, 207 Boyd street, a milkman in Dixon for 19 years, has decided to change businesses. Russell has bought and is now operating the North Side market at 104 N. Galena avenue.

Card of Thanks

While we have the opportunity, let us extend our sincere thanks and appreciation to the Dixon Fire Department who fought so heroically through the fire cold to extinguish the flames which might have completely destroyed our home. Let our thanks go out to the brave firemen and to our neighbors, Mr. and Mrs. Henry Schumacher and daughter, Goldie. Not forgetting Mr. Rex Stadler and Mr. and Mrs. Jess Pearson who also volunteered, along with all of our good friends.

Woodlawn Avenue
We wish to express our heartfelt thanks for the many acts of kindness, the mass cards, food, flowers, cars offered and to the many friends and neighbors who helped during the recent loss of our husband and father.

Mrs. Wm. Kennedy and Family

The Lee County Nursing Home Committee and Mr. and Mrs. Washburn wish to thank the different organizations for candy, fruit and presents, also Girl Scouts and the many churches that sang carols and everyone that assisted in any way to make MERRY CHRISTMAS for the folks in the home.

Chinese Build 190,000 Man Attack Force

(Continued from Page 1)

sian-made MIG 15s were reported destroyed and a third damaged in a series of three engagements with U. S. F-80 jets over North Korea.

The Communists have apparently thrown more airpower into the area. One fighter group reported sighting 35 MIGs Wednesday.

General MacArthur's summary said United Nations patrols, operating in the western sector of the Eighth army, supported by air strikes, destroyed and dispersed several enemy groups in the Changdong area Wednesday afternoon.

Enemy Pushed Back

Allied troops continued to repulse enemy attempts to penetrate defense lines in the area southeast of Taedong. One South Korean unit pushed the enemy back several thousand yards in that sector.

Air strikes in the Taedong sector destroyed and routed Communist groups located by UN ground patrols.

Three Untamed Prep Quintets Tumble in Holiday Tourneys

POTLIGHT on SPORT

By GENE TACKOWIAK
Sports Editor

ebull's Pension Fund—

Much of the 6 million dollar income received for TV rights to broadcast the series and all-star game go into the players' insurance annuity fund. Instead of the players cutting up the take they investing in their future.

Commissioner Happy Chandler has announced that the fund is in action and that \$450 a year is being placed into the fund. Curt Simmons, former Phillies pitcher who is now in the army. Also a \$100 a month is being sent to the families of the late Joe Bonham and the late Lefty Weismann, who for years was the ner for the Cleveland Indians.

Although reports are scarce concerning the replacement of ypy Chandler, his supporters are still hopeful of saving his job. y three of the owners who voted against him are needed to re- se their votes and Chandler will be retained in office.

Chandler's signing of the TV contract brought only one caustic ment and that was from Fred Saigh of the Cardinals. This might an indication that some of the anti-Chandler group are easing on their earlier decisions.

The owners have not voiced their reasons for dropping Chandler. It is hard to determine the definite sources of their irritation. It ht be that Chandler's horse-racing background and associations y now be unacceptable to the owners. However, they knew of situation when they hired him.

Old College Spirit—

There will be several hundred Clemson fans traveling to Miami week who definitely know they cannot get tickets for the Orange of classic. However, these rooters have heard that the game is up to be televised and have arranged hotel parties at which they be able to watch the boys perform via TV.

Latest odds in the big games that will wind up the 1950 football season are:

California 1 over Michigan in the Rose Bowl game.
Oklahoma 6 1/2 over Kentucky in the Sugar Bowl.
Miami 1 over Clemson in the Orange Bowl.
Texas 7 over Tennessee in the Cotton Bowl.
Wyoming 7 over Washington & Lee in the Gator Bowl.

Quail Pourri—

Quail hunting seems to have become the favorite shooting sport of the Mason-Dixon line as 25,000,000 birds were reported killed ually. What makes the game so exciting is that the quail, which the old timers is called "partridge" is an elusive target, given evasive tricks on the wing. In a recent Broadway column there s printed the following statement: "What cooks with Rocky ziano? Broadwities hear he's gone gaga over show business and is d serious about crooning on records and video." Jim Reed mer Chicago high school athlete and now a freshman at Macomb lege won a cross country award. While running under the ple and White colors of the Ducks, Reed won the conference half e crown.

The Morning After--

By "FRIDAY"

so far there are 309 entries in Recreation annual holiday idicap singles and the only or change since Don Houck led into the lead Sunday with e, came last night when Lyle hyn turned in a 602 natural es and a 63 pin handicap to e over the fourth spot. The om rung on the list of the 16 e Regiers is held by Bud Stein- with 636. The tourney, ch we wrongly announced ursday as closing next Tues- , comes to an end on Monday, the INU loop starts the post- iday league play next Tuesday. e high 16 legiers to date are:

Don Houck	718
Ed Walecy	673

10,000 New York Athletes Idle; Coaches Dispute Wages

New York, Dec. 28—(AP)—A teachers wage dispute has virtually paralyzed public high school sports in this second largest city in the world, idling more than 10,000 scholastic athletes.

In this city of 8,000,000 people, only six schoolboy football teams played abbreviated schedules last fall. Only three of 60 high schools which normally have basketball teams are trying to go through with a court schedule.

Track and cross-country, which normally have some 4,000 competitors, are nonexistent.

Material Not Developing

Basketball has been especially hard hit. New York long has been a fertile ground for cage material that feeds such cage powers as CUNY, NYU, Long Island University, St. Johns, Columbia and Fordham.

Outstanding athletes who have come out of New York scholastic ranks include Nat Holman, Sid Luckman, Lou Gehrig, Phil Rizzuto, Hank Greenberg, to name a few.

The sports shutdown stems from a teachers' demand for more money for after classroom work.

By THE ASSOCIATED PRESS
Flora, Pekin and Centralia suffered defeats Wednesday in first round games of downstate Illinois Holiday prep basketball tournaments.

Freeport and Morton of Cicero, rated one-two among other cage title contenders, racked up easy victories, as did most other highly regarded teams.

Flora's 35-28 loss to Blue Island in the Paris Invitational tournament was the biggest surprise of all. Unstopped in eight previous games, Flora and Paris were co-favorites for the meet prize. Paris trimmed Unity of Tolono 54-31. lora was sixth in the Associated Press poll to gauge championship chances.

Pekin Loses

Pekin was eliminated 56-54 by a good Taylorville club in what had been heralded as a fairly even contest in the East St. Louis tourney. Untamed East St. Louis entered the second round 66-62 over Lawrenceville, and comes up against Taylorville next.

In the tough Centralia affair, the host club was the only unexpected casualty as eight games were run off. Centralia was dumped 34-26 by a spunky Lewis-town outfit.

Morton's favored Mustangs ousted Granite City 59-31. Other upper bracket winners were Abingdon, Quincy and Marion, with Quincy's 38-33 margin over Champaign the closest. Pinckneyville, Lincoln and Tilden Tech of Chicago joined Lewistown in the second round of the lower bracket.

Other Tourney Scores

A glance over results at other tournament centers:

At Pontiac—favored Freeport rolled to its seventh win in as many starts 49-32 over Peoria Central to advance for a second round duel with unstoppable Chenoa, a 59-51 conquerer of Chester. Bloom of Chicago Heights routed Pana 67-40 in another lower bracket contest, and in the upper grouping East Moline thrashed Rushville 68-43.

At DeKalb—In first round lower bracket play, Rock Island squeaked past Niles 48-46, Palestine whipped Leyden of Franklin Park 47-40. Sycamore and Genakington also advanced.

At Kankakee—Favored Bradley topped previously unbeaten Hebron 56-53 to gain the second round against South Shore of Chicago, 53-34 winner over Urbana. East Peoria and Spring Valley also won.

At Normal—Normal, Farmer City and DePue all reached the second round without any trouble and Hartsburg-Emden joined them with a 46-45 triumph over Bloomington.

Kentucky Blocks Aggie Win Streak

New Orleans, Dec. 28—(AP)—Oklahoma and Kentucky followed different roads to the Sugar Bowl, but that'll be hard to realize when the two football teams get into action here Monday.

Both teams throw a lot of passes, use a lot of deception and win a lot of games.

But there is a big difference between them.

Oklahoma, now working out at Biloxi, Miss., rose to become the nation's number one team, because its morale wouldn't allow a defeat.

Kentucky took its place in the national spotlight because its team was willing to pay the price. Kentucky is holding drills at Baton Rouge, La.

The description of each team came from the man who knows it best, head coach Bud Wilkinson of Oklahoma and head coach Paul (Bear) Bryant of Kentucky.

Wilkinson, whose team has won 31 straight games and is appearing in the Sugar Bowl for the third straight year, said his ten victories this season were team victories.

The description of each team came from the man who knows it best, head coach Bud Wilkinson of Oklahoma and head coach Paul (Bear) Bryant of Kentucky.

Wilkinson, whose team has won 31 straight games and is appearing in the Sugar Bowl for the third straight year, said his ten victories this season were team victories.

Cigar Bowl Teams Have Double-Drills

Tampa, Fla., Dec. 28—(AP)—Cigar Bowl teams opened practices here Thursday for their New Year's Day encounter.

LaCrosse (Wis) Teachers college was the first to put in appearance, arriving by chartered plane late Wednesday. The Valparaiso (Ind) university squad got in Wednesday night by train.

3 Bears on All-Pro Eleven Select Four Unanimous Choice

By FRANK ECK

New York, Dec. 28—(AP)—Halfbacks Doak Walker of the Detroit Lions and Joe Geri of the Pittsburgh Steelers, Fullback Marion Motley of the Cleveland Browns and End Tom Fears of the Los Angeles Rams were unanimous for The Associated Press 1950 All-Pro football team. They drew votes from sports writers in every National League city in which they performed.

Walker, Southern Methodist's All-America of 1949, paced the National League in scoring with 123 points in his freshman season, making him the rookie of the year.

Besides running and passing the

Doakier did just about everything expected of a triple threat back. He made 11 touchdowns, kicked 35 of 41 extra point attempts and made eight field goals in 18 efforts to tally the second best point total in the history of the NFL. He also passed, kicked off, blocked and tackled.

Three Bears Picked

Three Chicago Bears made the first team. They were quarterback Johnny Lujack who, by scoring 109 points, became the Bears best point getter in history, tackle George Connor and guard Dick Barwagan, formerly with the Baltimore Colts.

LEADING SNOW MAN—John Litchfield is the first American ever to conduct a major ski school. A 34-year-old native of Auburn, Me., he was appointed executive director of the Sun Valley, Ida., Ski School, the largest in the United States. He was a member of the 1940 Olympic team.

Duke Cage Ducats Now on Sale

Tickets for the next Dixon basketball game are now on sale. The Ducats are scheduled to invade Rochelle on Jan. 5.

Fans planning to attend the game can now purchase their tickets and also make reservations on the bus chartered by the Booster Club.

Tickets are on sale at the High school and at Fultz's Confectionary store.

Bus reservations can be made at Fultz's and at the bus depot. Fans are urged to buy their tickets and make their reservations before next Wednesday noon.

Rumors Say: Bears to Pass

Pasadena, Calif., Dec. 28—(AP)—California's Golden Bears will have to display marked development in the air over the regular season if they expect to match the potentialities of Michigan in the air on New Year's Day.

Aerial statistics for the fall campaign give the Wolverines a marked edge, and their ace thrower, tailback Chuck Ortmann, gained almost as many yards by himself as all the California chuckers combined.

Thus the news leaking out of California's drill grounds at San Bernardino was interesting. Cal, said the rumors, is still concentrating on pass plays.

Asked point blank if the Bears intended to pass more than usual, Coach Lynn Waldorf gave the only answer he could: "That depends on the circumstances."

Later Waldorf, in another line of questioning, commented: "We have been slowly improving our passing attack but it still leaves a lot to be desired. Frankly, our passers are just average, and the same is true of our receivers."

Cold statistics show that Michigan's Mr. Ortmann, despite injuries which curtailed his play and capabilities all season, completed 41 out of 105 attempts, had seven intercepted and gained a net 590 yards for an average of .390.

California kept statistics on six of their passers and they gained a total of 646 yards.

Michigan, it would appear, is more familiar with the overhead attack. The Big Ten champions went into the air 184 times to an even 100 for California. And incidentally, Michigan played one less game than Cal, nine to 10.

BROKEN ANKLE BREAKS RECORD

Denver—(AP)—Bill Warwick, Denver Falcons winger in the U. S. hockey league, was sidelined by an injury for the first time in his eight-year career on the ice when he suffered a broken ankle against Tulsa. Bill says he played in 200 consecutive games until that time.

GOOD OMEN

East Lansing, Mich.—(AP)—Michigan State's swimming coach Charles McCaffree, Jr., hopes that the good "omen" for the 1951 Spartans tank team will be Al Omans, a powerful breakthrough.

Braves Eye Revenge Against Kentucky, Meeting Probable

Peoria, Ill., Dec. 28—(AP)—Bradley's high riding Braves won their tenth straight cage victory when they nudged invading Indiana, 64-62, on a last minute basket by Charley Grover. Grover's field goal came with only 14 seconds remaining in the game.

Indiana's shorter cagers used a pressing defense to fluster the country's No. 2 team. The Big Ten team led, 51-43, with 12 minutes to play but six straight free throws pulled Bradley up close again. Free throws won the game for the Braves. They tried 35 and sank 28. The No. 5 Hoosiers had a 25-18 field-goal mark.

High School Officials Discuss Ban Against Pro Contracts

Mobile, Ala., Dec. 28—(AP)—Representatives of State High School Athletic Associations Thursday neared a ticklish subject, a proposal to ease a ban on professional baseballers dickered with prep athletes.

Warming up for the lively debate the topic is expected to stir, 250 officials attending a four-day session here heard a lot of territory covered Wednesday.

Subjects ranged from standardizing colors of football uniforms to television. No formal action was taken. Such a step is usually left up to the individual associations.

The delegates are attending a meeting of the National Federation of State High School Athletic Associations.

Lyle T. Quinn of Boone, Ia., chairman of the football equipment committee, said the Iowa Association was considering adopting two standard colors, one for the visiting team, the other for the home squad.

"Few teams adhere strictly to school colors anyway," Quinn pointed out. "It would eliminate a lot of bickering about hiding the ball and no two teams would take the field with the same color uniforms."

Federation members later heard

a discussion of effects of television of high school sports.

W. R. Fugitt of Beckley, W. Va., told the Federation that televising of high school athletic contests was growing but that it was still too early to tell whether TV would be helpful or harmful.

Judging from experiences of college and professional teams, he said, the effect will be to cut down on attendance.

Stock Illinois Lakes With Fish

Springfield, Ill., Dec. 28—The Illinois Department of Conservation has stocked 260 lakes and ponds with a balanced supply of bass and bluegill during the past year, Sam A. Parr, division of fisheries superintendent, announced Thursday.

Preparations for stocking, which includes draining and checks on aquatic vegetation, have been completed for an additional 147 lakes and ponds. On 52 lakes which were not suitable for fish stocking, Parr said that the Department had inaugurated programs for heavier cropping, such as, fish rodes and children's fishing programs.

Chinese Reds May Have 12 Million Army

By STANLEY RICH
Hong Kong, Dec. 28—(AP)—Communist China, with her vast reservoir of manpower may have a fighting force of 12,000,000 men by the end of 1951.

That seems a fair estimate unless something unexpected happens to the plans for Red China's war machine.

New additions to the Communists' huge army are reported daily. But it is becoming increasingly difficult to keep track of mobilization statistics.

Now Has 5,000,000

Available figures and current news dispatches give this size-up of Red China forces, actual and potential:

She now has a regular army of 5,000,000 men.

"Irregular" forces are understood to number another 5,000,000. Many of these "irregulars" are being shaped into fighting form.

The Chinese Communists' total mobilization campaign—if it continues at its indicated pace—is expected to add another 2,000,000 in the coming year.

Began Dec. 12

The Reds announced their mobilization campaign Dec. 12. Peiping called for all workers and students to enter military training schools.

They should prepare themselves, the Peiping government declared, for keeping "the dirty swine" lips from sucking into the fence of our beautiful garden. Such expressions are common in the Chinese Reds' "hate America" campaign.

Incomplete official figures disclose an enrollment of 101,000 "student volunteers" in the three-week period.

Enlistments High

It is probably safe to presume that enlistment from the ranks of labor, which heavily outnumber China's students, is at least equally as high.

A Nanjing dispatch by the official New China news agency yesterday said 9,000 young patriots, "all recent graduates of the Communist East China military and political university, are to be assigned soon to the army, navy and air force."

It added that another 10,000 student volunteers at Sinciang had answered the government's "call to arms" by Dec. 23.

Grand Detour Gives Teachers Wage Increase

Directors of the Grand Detour school met recently with the teachers and Mr. Pickering At this meeting the board voted to give a \$100 bonus to the teachers and a wage increase to become effective in January, 1951. The janitor's salary and duties were also adjusted.

Work on the new addition to this school is now in progress. Plans for furniture, equipment and supplies for the new library, primary classroom and recreation room were also discussed.

Members of the Grand Detour school board are: Thomas Weinbrenner, president, Ivan Bovey, clerk and Clifford Young, director.

Charge State Worker With Triple Murder

Asheville, N. C., Dec. 28—(AP)—A critically wounded state highway commission employee was under guard in a hospital today on an open charge of murder in the slaying of his stepson, mother-in-law and brother-in-law.

The triple slaying occurred yesterday afternoon in a shooting spree in which two others were injured.

Authorities said C. L. Shelton, 25, or Craggy, shot himself twice in the head in an apparent suicide attempt after the slayings.

The sheriff's department said preliminary investigations indicated that Shelton did all the shooting with a .22-caliber automatic rifle.

Killed were Shelton's three-year-old stepson, Harold Shelton; Mrs. Dora Pittman, his mother-in-law, and Delmos Pittman, 14, his brother-in-law.

Wounded, but not seriously, were Stokes Pittman, an uncle of Shelton's wife, and Grady Pittman, Shelton's father-in-law. Officers reported that Shelton fired several times at his estranged wife, Marie.

Grady Pittman said Shelton and his wife separated a week ago after a quarrel.

The teachers are: Marie Malach, upper grades and Iva Callahan, lower grades.

Grand Detour with its growing population has an average enrollment of over 60 pupils.

Mark Your Cake With 1951

DOWNY LIGHT is this 1951 cake, made quickly with packaged devil's food mix.

Mayoe you've waited until the last moment to plan a New Year's Eve get-together at your house. If so, don't get excited. Order a canned ham, crusty French bread, assorted pickles, two or three kinds of cheese and the main eats are under control.

For the festive cake, buy a package of devil's food mix that guarantees you a downy-light texture and wonderful taste. Just add milk, according to the package directions, bake in two 9-inch layers and put together and frost with 7-minutes frosting. Decorate top with a wreath of green gum-

drop leaves and a sprinkling of silver dragees and the figure of 1951 put on in red cinnamon drops.

Seven-Minute Frosting
Two egg whites, unbeaten, 1 1/2 cups sugar, dash of salt, 1/2 cup water, 2 teaspoons light corn syrup, 1 teaspoon vanilla.

Combine egg whites, sugar, salt, water and syrup in top of double boiler; mix thoroughly. Cook over rapidly boiling water, beating constantly with rotary egg beater (or at high speed of electric beater) 7 minutes, or until frosting will stand up in stiff peaks. Stir frost-

ing up from bottom and sides of pan occasionally with rubber scraper, spatula or spoon. Remove from boiling water. Add vanilla; beat 1 minute, or until thick enough to spread.

Hours after the New Year is in and everyone needs retreating, serve large bowls of steaming oyster stew. That's an ancient and honorable custom.

The oyster stew famed throughout the land is the one served at the Oyster Bar in Grand Central Terminal, New York. Here's their private recipe.

Oyster Stew With Cream
Place in a deep pan a dash of Worcestershire sauce, paprika, celery salt and a pat of butter. Add 7 freshly opened oysters and half cup of oyster liquor and cook until oysters' edges curl. Add one cup of cream and bring to a boil. Pour in bowl and top with paprika and one pat of butter.

Swallows Razor. Condition 'Good'

New York, Dec. 28—(AP)—Geronimo Torres, 25, was holding a single-edged razor between his teeth last night when he lost his balance, fell backwards in his chair and swallowed the razor.

X-rays at Bellevue hospital showed the razor lodged in his stomach. Surgeons operated early today, and removed the razor. They said his condition was good.

The United States government as such has never borrowed money from the British government.

Holiday Food Buying Spurs Retail Prices

BY THE ASSOCIATED PRESS

Retail prices of many foods pushed higher this week as cold weather spread across most of the nation, whetting appetites stimulating holiday food buying.

In meats, even higher prices appeared likely in the next few days, reflecting advances at major livestock markets where snowstorms delayed or reduced shipments.

Smoked Hams—Cheaper
Virtually the only meat item to show any notable down trends was smoked hams, trimmed two to four cents a pound in many stores featuring them as a New Year's menu specialty.

Top grade eggs were unchanged to five cents a dozen lower in most places as wholesale prices eased a little more following their sharp break a couple of weeks ago.

Chicken and turkeys held about unchanged from last week. Some lamb cuts were off a made-in scattered sections, but retail meat sources said higher wholesale quotations indicated an upward trend in consumer prices. Beef and pork items were up two to four cents a pound.

Higher in most produce departments were beets, broccoli, Brussels sprouts, cabbage, yellow globe

onions, cauliflower, cucumbers, peppers and spinach. The only vegetables generally lower were snap beans and green and yellow squash.

Butter Gains

Butter was working higher in many cities following word that the Agriculture Department had suspended sales of its butter holdings to find out how much it had left.

The department's production and marketing administration headlined pork and sweet potatoes on its list of plentiful foods for thrifty buying this week. The PMA recommended that cooks team up plentiful peanuts, ham, turkey, apples or oranges with sweet potatoes for festive holiday menus.

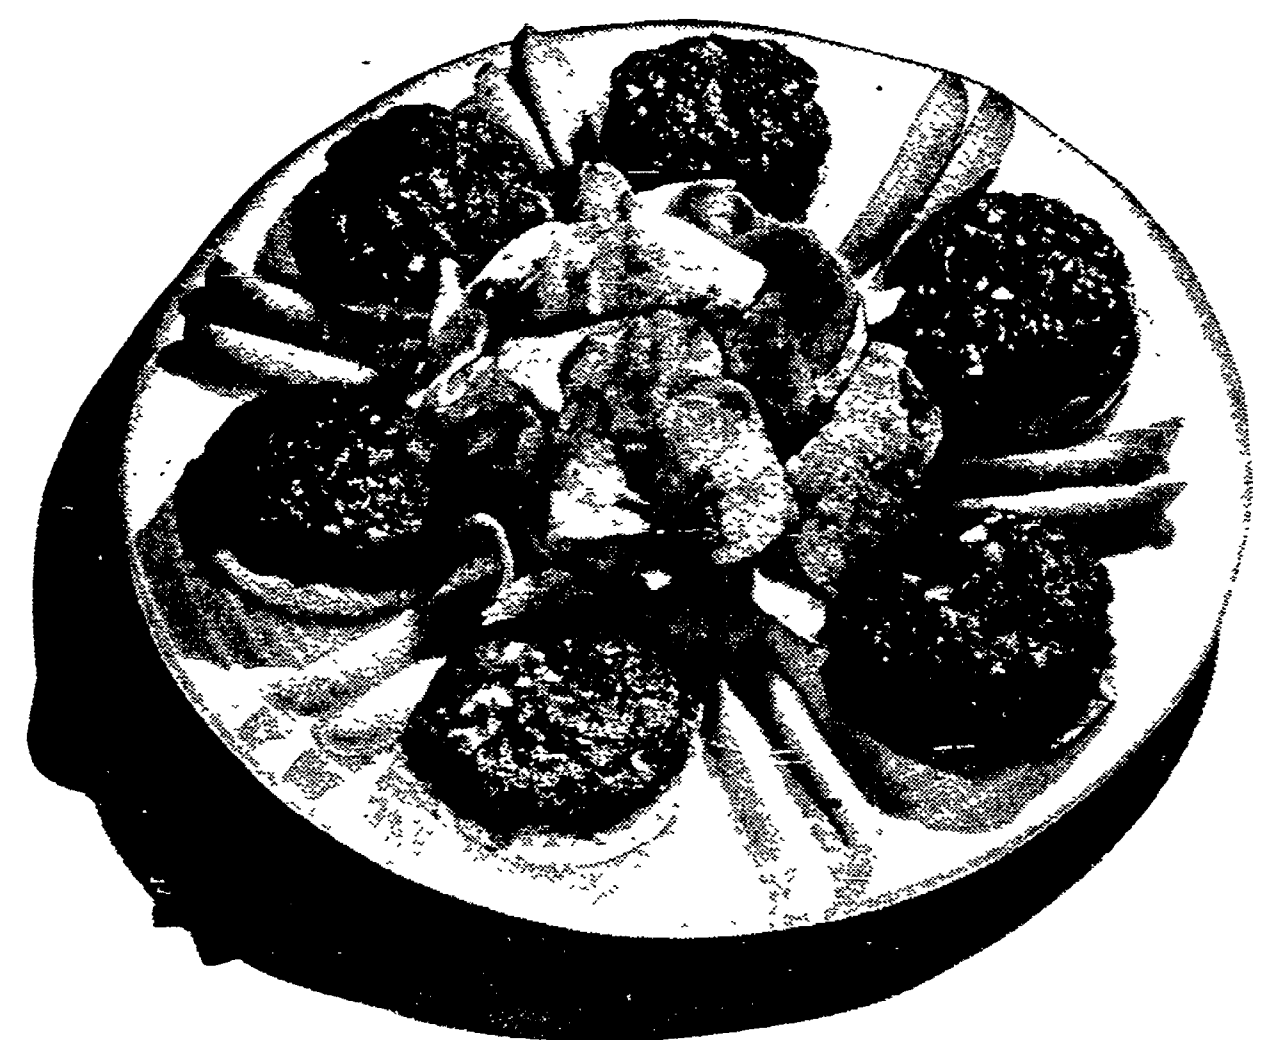

Here's the administration's national list of foods likely to be relatively low-priced in January because of abundant supply: apples, oranges, grapefruit, cranberries, potatoes, onions, sauerkraut, pork, broiling chickens, shrimp, frozen fish fillets cottage cheese, peanut butter and honey.

REPORT BURMA FIGHTING

Rangoon, Burma, Dec. 28—(AP)—Fighting erupted again between Chinese soldiers' believed Nationalist refugees—and Burmese government troops in the northern hill state of Kengtung, adjoining French Indochina, an unofficial report said today.

The grass-green emerald is found in an almost inaccessible locality in the Salzburg Alps.

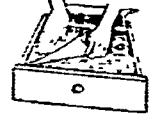

I.N.U. home service Notes

Homemaking TIPS and TRICKS

PAPER WORK

Lining paper may be quickly fitted to a drawer if the drawer is turned upside down and used as a guide. There are no high sides to interfere with cutting or folding the paper.

MAKE A FIRM STAND

To make non-tip hat stands for the closet shelf, use small discarded lamp shades. The old frames may be recovered to harmonize with the closet accessories.

LET IT POUR

The tops of salt containers with metal pouring spouts make handy covers for glass jars used to store flour, rice or other dry foods that pour easily. Carefully cut the tops to fit the jar rings.

CAUSE FOR WRINKLES

Towels, corduroys and bedspreads that don't need ironing when they are dried in an automatic dryer should be folded and put away as soon as they are taken from the dryer. Leaving them heaped in a basket will cause wrinkles.

HAMBURGERS DE LUXE

- 1 pound ground beef
- 1/2 teaspoon salt
- 1/8 teaspoon pepper
- 1 tablespoon grated onion
- 1/4 pound blue cheese
- 1 tablespoon Worcestershire sauce
- 2 tablespoons mayonnaise
- 1/2 teaspoon dry mustard

Combine ground beef, salt, pepper and grated onion, and shape into 8 thin patties. Combine remaining ingredients for stuffing. Place 1/4 of mixture between two patties and press edges together securely. Set regulator to broil. Place patties on broiler rack. Insert broiler pan and rack so the top of the patties is 2 inches from the heat. When one side is browned, turn and finish cooking on the second side. 4 servings.

News Veteran Summarizes Korean War

(Editor's Note: This is the second of a series of three stories by Reisman Morin, veteran Associated Press war correspondent, analyzing Far Eastern events since war broke out in Korea. Morin has just returned from four months in Japan and Korea. In today's article, he discusses the military campaign climaxed by Red China's entry.)

By REISMAN MORIN
New York, Dec. 28—(AP)—Parallel 38, where it bisects Korea is a blood-red line now in American military history. Should the United Nations' forces have stopped there? Would the Chinese Communists have remained neutral—at least in a military sense—if the Eighth army had remained south of the line?

No Easy Answers
There are no easy answers to these questions.

Parallel 38 was not, and never was intended to be an international boundary between two different Korean "states." It was a world war two military "phase line," meaning that it was fixed, for convenience, by Russian and American military commanders in the Orient. For administrative purposes, the Russians agreed to handle the surrender of the Japanese army north of parallel 38; the Americans disarmed and demobilized the Japanese south of the line.

The creation of a "North" and "South" Korea with separate gov-

ernments, separate armies, and separate areas was never envisaged (by the democracies, anyway) when the post-war settlements were being made.

Reds Created Situation
Soviet advisors to the North Koreans, however, quickly turned parallel 38 into an actual boundary. The iron curtain dropped on it, and two Korean "states" thus came into being, in fact if not in law.

The U. N. army was created, last June and July, for two purposes.

One was to destroy the North Korean forces which invaded the south. The other was to clear the way for the Korean people, unimpeded by Communist overlords, to establish a single government for both halves of the country.

The Eighth army reached the 38th parallel on Oct. 1.

On that same date, an ominous rumble was heard in Peking. The Communist Chinese Foreign Minister, Chou-En-Lai, said in a speech: "China will not sit supinely and see her neighbor ravaged by the imperialists."

No Sabre-Rattling
Apparently, the speech was appraised as mere sabre-rattling. Actually, it turned out to be a specific statement of intentions.

In that same week, as we now know, Chinese divisions began staging in Mukden. Two were ready to move by Oct. 10. The Chinese began crossing the Yalu river into Korea on Oct. 18, and they crossed in force Oct. 21.

Where was American intelligence? Why didn't we know this? Why did we continue to move north?

General MacArthur's chief of intelligence, Major General Charles A. Willoughby, says we did know it.

The Chinese struck hard in early November and halted the U. N. force toward the Yalu river. Then, mysteriously, they disappeared for several weeks.

Built Up Strength
Actually, they were building up strength in the mountains about 40 miles south of the Yalu.

It was easy to "lose" hundreds of thousands of men in such terrain. Then they came down in darkness and concealed themselves in the lonely mountain forests. When the moment came, they struck.

Intelligence may not have known the size of the Chinese force. Certainly, it did not know the intentions of the Peking government. But by that time, later in November, the die was already cast, and for better or worse, there was nothing to do but fight it out.

"Chivalry" in the Middle Ages referred to fully armed and mounted fighting men but has come to mean "courtesy."

DOUBLE YOUR MONEY BACK

...if this isn't the MOST DELICIOUS Popcorn you ever tasted

Crunchy-tender Princeton Farms Popcorn pops larger, lighter and fuller. Because Princeton Farms Popcorn is grown from special hybrid corns—scientifically cross-bred at Princeton Farms to produce both the finest quality white—and the finest quality yellow—popcorns. Your choice!

Church Notes, Social Briefs, From Nachusa

Church Notes

visit with his grandparents, Mr. and Mrs. George Brooks, White Cloud, Mich.

Mr. and Mrs. Harry Weigle were Christmas day dinner guests of Mr. and Mrs. Charles Kreider, Sterling.

Harold Smith, Tacoma, Wash., spent two days at the home of Mr. and Mrs. Harry Weigle. Smith is a former Nachusa resident.

Mr. and Mrs. Clyde Currens and James and Mrs. Mary Currens had a Christmas dinner Saturday at the home of Mr. and Mrs. Harry Munroe.

Mr. and Mrs. William Johnson and Mrs. Mabel Glick, Smoketown, Pa., had Christmas dinner Sunday with Mr. and Mrs. Joseph Johnson, Sterling.

Miss Lucille Plantz, Chicago, spent Christmas weekend with her parents, Mr. and Mrs. John Plantz.

Mr. and Mrs. John W. Morris, James and John were Christmas dinner guests of Mr. and Mrs. Lawrence Morris.

Christmas dinner guests of Mr. and Mrs. Clarence Crownheart were Mr. and Mrs. Robert Meyers, Dixon.

Mrs. Alvin Krahenbuhl attended the funeral of Mrs. Charles Schene in Rochelle Wednesday afternoon.

Mrs. Cora Eicholtz, Mrs. Mary Eicholtz and Mr. and Mrs. Fred Johnson, Dixon, were Christmas

dinner guests of Mrs. Winifred Reiter and Nancy, Sterling.

Mr. and Mrs. Marcus Gonnerman, Frederick, Donna, Paul and Mary Ann, Mr. and Mrs. Maurice Munday, Steamore, Mr. and Mrs. Clifford Jacobs and George Hoppe, Chicago, were Christmas dinner guests of Mr. and Mrs. Henry Jacobs, Dixon.

Mr. and Mrs. Mason Smith, Lyndon, Wis., were Christmas dinner guests of her parents, Mr. and Mrs. Robert Herbst.

Roy Crawford was a caller at the George Null home Christmas day.

Mr. and Mrs. John Plantz and Lucille were Sunday dinner guests of Laura and Albee Herbst, Franklin Grove.

Mrs. Herman Middleton and Bill spent part of the weekend at the home of Mrs. Dietrich, Chicago.

Mrs. Wilbur Emmert, Dixon, were Christmas dinner guests of Mr. and Mrs. George Null.

Mrs. Alveretta Smith was a Christmas dinner guest of Mr. and Mrs. Lee Lambert.

Mrs. Mary E. Johnson, Chicago, spent Friday with her mother, Mrs. August Johnson.

Christmas dinner guests of the Floyd Missmans were Mrs. Andrew Fisherand, Mr. and Mrs. A. L. Westfall and Brian, Rock Falls.

Afternoon callers were Donald Brooks and Bob Buesch, Polo.

Christmas dinner guests of Mr. and Mrs. Herman Middleton were Mr. and Mrs. James Sawyer, Jr., Mr. and Mrs. James Middleton, East Troy, Wis., and Miss Joan Dietrich, Chicago.

Mr. and Mrs. Glenn Allen and Cheryl had Christmas dinner at the home of Mrs. Martha Ryan, Sterling.

Mr. and Mrs. Alvin Krahenbuhl, Alice and Donnie were Christmas dinner guests of Mr. and Mrs. Marvin Bernardin, West Brooklyn.

Mr. and Mrs. Thomas Barry and Diane, Chicago, were Christmas visitors of Mr. and Mrs. Richard Barry.

Mr. and Mrs. Edward Johnson, Duane and Jacqueline were entertained at the home of Mr. and Mrs. Arthur Haban, Kingdom, for an oyster supper.

Miss Josephine Johnson, Chicago, is spending the Christmas holidays with her parents, Mr. and Mrs. Edward Johnson.

Mr. and Mrs. Charles Strong and Mr. and Mrs. Carl Karlson were Christmas dinner guests of Mrs. Strong's mother, Mrs. C. Benson, Wedron.

Mr. and Mrs. W. L. McNeff were Christmas dinner guests of Mr. and Mrs. William Meppin, Dixon.

Mr. and Mrs. Charles Haenitsch, Robert, Barbara, Bonnie and Kenneth, Sublette, spent Monday evening at the home of Mr. and Mrs. Harry Munroe.

Chuck Strong is home for the Christmas holidays.

Mr. and Mrs. Frank Weidman had a Christmas dinner for all their children.

Mr. and Mrs. Clyde, Helen and Glen, visited Sunday Mrs. Arthur Sanders and Mr. and Mrs. Noah Goebel, Dixon.

Donald Reglin returned to the home of his grandparents, Mr. and Mrs. Emil Reglin, from KSB hospital Sunday.

Miss Mary Wolf had her annual Christmas program and party Thursday night.

Mr. and Mrs. Charles Huyett were Christmas dinner guests of Mr. and Mrs. John Weigle.

Christmas day guests of Mrs. Fannie Wolfe and Mary were Mr. and Mrs. Byron Atkinson, Mr. and Mrs. Lyle Weidman, Mr. and Mrs. George Wolfe, Mr. and Mrs. Frank Kreiger, Mr. and Mrs. Roy Spratt, Chana, and Harold Wolfe and Kenneth.

Mr. and Mrs. Harry Munroe and Mrs. Mary Currens were Wednesday dinner guests of Mr. and Mrs. Harry Dean, Dixon.

Mr. and Mrs. Ed Sack and Mrs.

Report U. S. OK's Italy's Arms Plan

Washington Dec. 28—AP—The U. S. is reported to have told the Italian government to go ahead immediately with plans for manufacturing about \$100,000,000 worth of arms next year.

The State department has assured the Italians informally, officials said, that American financial aid—provided in the European rearmament program—will be forthcoming to help put the Italian production plan into effect.

Wolves' teeth, ground into a powder, were taken as a cure for pleurisy not so many years ago.

A&P'S PRICE POLICY

- Storewide low prices on hundreds of items every day... instead of just a few "one-day" or "week-end specials."
- Advertised prices are guaranteed for one week, even though market prices go up. We believe this policy helps our customers save more money.
- With the correct price marked on every item, plus an itemized cash register slip... you know what you save at A&P.
- Prices shown here guaranteed Thurs., Dec. 28, through Wed., Jan. 3.

Want to have a holiday banquet on an everyday budget? Plan your menu around a tender, mellow-flavored ham from A&P's large selection of famous brand hams.

Customers' Corner

Here is our New Year's resolution at A&P:

We will keep right on doing our level best to give you

- good food
- good service
- good values

The men and women of A&P will welcome your ideas as to how we can make your A&P a better place to shop in 1951. Please write:

What Better Way to
Start the New Year
than by getting rid of ex-
cess articles. There is al-
ways someone who needs
what you don't want, and
has what you need. Just
DIAL 2-1051, ask for AD-
TAKER, and your worries
are over.

NEWSPAPERARCHIVE®

ROOM FOR CONTEMPLATION—With the shadows of world conflict hanging particularly heavy over the UN, delegates at Lake Success now have access to a newly-opened "meditation room." The 20-foot square, dimly lighted room, decorated only by small plants and a pot of ferns, was opened to UN officials and the public alike, in response to many pleas by religious organizations.

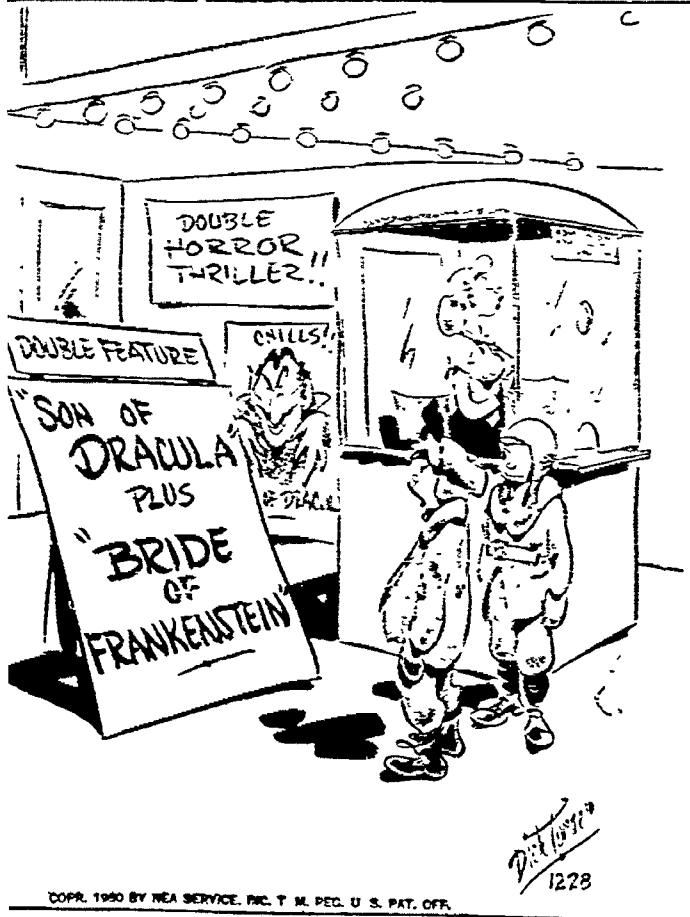

"HERE'S HOW IT IS, JAKE" — Soviet UN delegate Jacob Malik, right, appears to take a dim view of the point being driven home by Draga Protach of Yugoslavia. The two diplomats, from Communist countries that fail to see eye-to-eye, met in a corridor outside the Security Council chamber at Lake Success, N. Y., after a particularly stormy session.

Side Glances By Galbraith

Here's a reader who asks when the trend of rising prices will end—if I knew that I wouldn't be slaving away as financial editor!

Carnival By Dick Turner

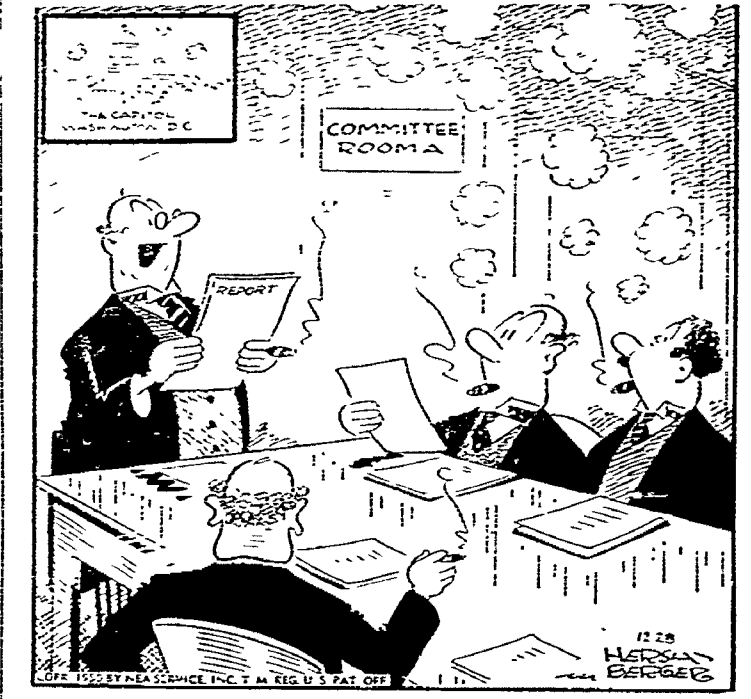

"Na-ah! I don't like family pictures!"

LOOKS DOWN IN THE MOUTH—At Salonika, Greece, Dr. Emmanouil Dermintzakis checks the teeth of a horse, one of thousands of farm animals to benefit from new veterinary clinics built with Marshall Plan aid. Emphasis on proper veterinary work is one phase of the program to restore and improve Greece's livestock.

Funny Business By Harshberger

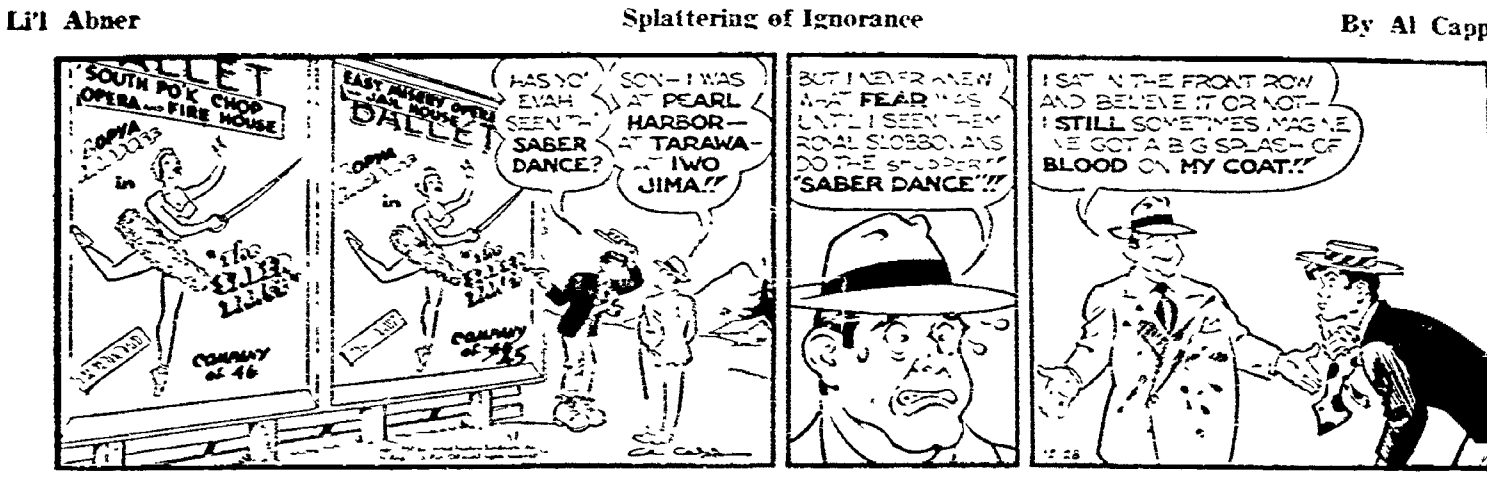

"Since taxes are getting heavier, I suggest free arch supports for each taxpayer!"

Post Storm Warning For Lake Michigan
Chicago, Dec. 28—AP—The U. S. Weather Bureau today issued the following storm warning for Lake Michigan:
"Southwest storm warnings up at 10.30 a. m. eastern standard time. West to southwest winds Snow flurries."

increasing to 40 to 45 miles an hour north half and 30 to 40 miles an hour south half by this evening. Diminishing Thursday.

They'll Do It Every Time By Jimmy Hatlo

NO! FOUNDERS DAY LAST YEAR WE ONLY GOT A HALF-DAY OFF... THE YEAR BEFORE WAS WHEN WE GOT A FULL DAY...

THE ONLY THING THEM TWO GUYS REMEMBER AROUND HERE IS PAY-DAY AND WHAT DAYS THEY DIDN'T HAVE TO WORK OTHER YEARS...

THEY SPEND SO MUCH TIME FIGURING OUT WHAT'S COMING TO THEM, THEY HAVEN'T GOT TIME TO DO ANY WORK...

THE BOSS PUT THE KIBOSH ON THEIR RUNNING OVER TO THE DUTCHMAN'S ACROSS THE STREET, SO NOW THEY PUT ALL THEIR TIME IN AT THE WATER COOLER...

THEY DON'T GIVE MUCH BUT THEY KEEP TRACK OF WHAT'S COMING TO THEM...

THANK TO BOB STUMPF, 152 MARKET ST., PATERSON, N.J.

OLD PRINCIPLE
The principle of the steam engine was known for 1,700 years before the use of coal as fuel made such engines practical, according to the Encyclopedia Britannica.

It requires 20,000 bees to gather a pound of nectar, from which one quarter pound of honey is modified.

It requires 8,400 years for light from the "Milky Way" to reach the earth.

Church Notes, Yule Parties In Ohio Area

Ohio—Mr. and Mrs. A. M. Ebersole have received word from 1st Lt. and Mrs. Charles Brooks that they are now living in Rolla, Mo. Lt. Brooks is information and education officer of the 6th Armored division at Ft. Leonard Wood, Mo. He is a former coach and instructor at Ohio high school. Mrs. Brooks formerly taught in the grade school.

Church Program
The Methodist church held its Christmas program Sunday night. The Christmas story was told in scripture, tableaux and carols. Those taking part in the program were Ruth Anderson, Patsy Johnson, Helen Brown, Marlene Anderson, Duane Krapf, Edward Sisler, Jerry Connor, Lewis Sisler, Ted J. Anderson, Ted W. Anderson, Orman Connor and Richard Schultz.

Mr. and Mrs. Clifford Anderson and children represented a Christian family.

Marvin Johnson and William Sisler were ushers. Candle-bearers were Thelma Allen, Terry Anderson, Jean Carey, Gracie Connor, Sylvia Ewalt, Janice Krapf, Carol Lovgren, Romano Poole, Linda Potts, Gloria Saltzman, Joella Stevenson and Sandra Stevenson.

The program committee consisted of Mrs. Evan Ewalt, Mrs. Dale Rickert, and Miss Cheryl Johnson. Mrs. Arden Jackson and Mrs. W. H. Carey had charge of the costumes and Mrs. Charles Noonan the makeup.

Preceding the program Mrs. Marion Ven de Mark presented a concert of Christmas music.

Ohio Briefs
The Friendship class held its Christmas supper at the parsonage Thursday evening. Mr. and Mrs. Arthur Walter assisted. Rae Moore, Denver, Colo., was expected home to spend Christmas with his parents, Mr. and Mrs. Harry Moore.

Mr. and Mrs. Norman West are guests of her parents, Mr. and Mrs. Velvin Phillips.

Mrs. Ed Duffy and Mrs. Emma Kerchner were Dixon callers Tuesday.

Misses Luella and Nellie Byrne attended the funeral of Mrs. Herman Wallace in Seneca.

Mrs. Millie Gonnigam, Walnut, visited her sister, Mrs. Mary Meyers, last week.

Mrs. James Dunn and Mrs. George Scully were hostesses to the C. D. of A. Monday evening. A letter of thanks was read from Indian children in Chamberlain, S. D. Mrs. George Fetzner and Miss Nellie Byrne won bridge prizes.

Thursday afternoon Mrs. Everett Johnson and Mrs. M. A. Faley entertained the C. D. of A. Mrs. James and Miss Frances McFadden won prizes.

Capt. T. J. Kerr and his family have been transferred from Nashville, Tenn., to Omaha, Neb. He'll have charge of the air base there. A former Ohio resident, he is the son of Mrs. Zelma Kerr. He flew 164 missions in World War II.

Mr. and Mrs. Joe Kerr, Fulton, were recent visitors of Mrs. Zelma Kerr.

Mrs. Anna Hopps, Geneseo, is visiting her daughter, Mrs. Frank Warkins.

The annual Christmas party of the Immaculate Conception church was held Sunday afternoon for the children of the parish with movies and a gift exchange.

The Brotherhood of the Lutheran church will meet at the parish house tonight at 8 o'clock.

The OK club will meet at the home of Mr. and Mrs. Harold Tucker Tuesday evening. It will be guest night for husbands.

Mr. and Mrs. Charles Anderson entertained Mr. and Mrs. Bernard Gugerty, Mr. and Mrs. Barney Keen and Mr. and Mrs. Tom Gugerty Christmas eve.

Ann Gugerty, R. N., Mercy hospital, Davenport, spent the Christmas holiday with her parents, Mr. and Mrs. Bernard Gugerty.

Capt. Ted Kerr and family, Omaha, Neb., spent the weekend visiting in Ohio. They had Christmas dinner with his mother, Mrs. Zelma Kerr. Others present were Mr. and Mrs. Dale Kerr and Donald Kerr, who was home from Western State Teachers college.

Lester Morgensen has returned from Dixon hospital where he submitted to surgery.

Mr. and Mrs. Glen Mitchell entertained the Ed White family, Bureau, Christmas day.

Mr. and Mrs. A. M. Ebersole were Aurora callers Friday.

Mr. and Mrs. Walter Smith entertained Christmas day their son-in-law and daughter, Mr. and Mrs. Gene Kranebuhl, and Evelyn Smith, who is home from her teaching duties at Malden. Bud Piper also was a guest.

Mr. and Mrs. Arden Jackson entertained Mrs. Anna Jackson, Mr. and Mrs. Ed Zehr, West Bureau, Mr. and Mrs. Dick Swanson, Mr. and Mrs. Preston Burger, Katy Swanson, LaSalle, and Bob Faxon, Aurora, at dinner Christmas eve.

Mrs. A. C. Ruff was a guest of Mr. and Mrs. Carl Kramer at Princeton on Christmas.

Mr. and Mrs. Norman West were guests of her parents, Mr. and Mrs. Velvin Phillips, this week.

Pupils of Ohio community consolidated grade school presented

Great News for the HARD-OF-HEARING

Special Demonstration of the Remarkable New CLEARSTONE Hearing Aid

FRIDAY, DEC. 29th
9 A. M. to 6 P. M. --- Evenings by Appointment

We have invited a hearing specialist to spend all day Friday, Dec. 29th with the hard-of-hearing folks in this area. This specialist is a hearing expert, qualified to test your hearing and to advise you on your audio problems. Plan to have a private consultation with him in our store or in your own home. You will find him tactful, sympathetic and extremely helpful.

See, too, the great new CLEARSTONE 700—the smallest, most powerful hearing aid in all the world. Even if you are wearing an aid now, don't fail to inspect the Clearstone 700. This instrument is a triumph in electronic engineering and design. It packs 20+ volts of full hearing power in a case only 2 1/2" x 2 1/2" in size . . . tiny enough to hide in the palm of your hand!

YOU NEED NOT WEAR A BUTTON IN YOUR EAR with the Clearstone 700. Yes, you can have concealed hearing. Your friends and neighbors can't know . . . or guess that you're wearing an aid. It's possible when you wear the tiny Clearstone 700 along with the "Invisible" receiver that hides completely in the folds of your ear. Each "Invisible" Receiver is custom made to fit your ear exactly. That's why it can't be seen.

Plan today to see our hearing specialist, to test your hearing, to see and examine the Clearstone 700 and its amazing "Invisible Receiver". Mail coupon today for a private appointment in our store or in the privacy of your own home.
